VISION

MMACI, as a leading 21st – Century Institution, envisions to produce globally competitive individuals founded with excellence in instruction, research, and extension.

MISSION

MMACI shall commit to:

1. Provide knowledge and skills in critical –thinking, creativity, collaboration, communication, information and media literacy, cross-cultural understanding, and career and learning self-reliant;
2. Establish a strong research culture in the institution and design multi-disciplinary and inter-disciplinary researches that are publishable and contributes to nation building and;
3. Inspire and uphold a service-oriented organization that nurtures the community and God's creations.

MMACI CORE VALUES

Leadership

MMACI community values the development of highly competent professionals honed to become self-propelling leaders and solution-driven innovators.,

Excellence

MMACI community values greatness of mind and heart – upholding a culture of "hands-on, minds-on and hearts-on" to achieving academic excellence.

The hands-on, minds-on and hearts-on approach of Odyssey encourages the students to experience and engage in learning with their hands, analyze with their minds, and invest with their hearts as they are deeply involved in their learning process.

Service

MMACI imbibes the principle of genuine concern for others, and generosity for the community to make a difference in the society.

MMACI Graduates are:

- Leaders with strategic and ethical decisions;
- Professionals who continuously pursuit excellence in their chosen field; and
- Servants to community and God's creation.

Objectives

To produce:

- global collaborators
- highly competent maritime professionals
- strategic and ethical leaders
- solution-oriented problem solvers
- self-propelling learners
- socially responsible individuals

Quality Policy Statement Merchant Marine Academy of Caraga, Inc. (MMACI) ensures in providing Quality Education and Training at par with the Global and National Competency Requirements for Industry Leaders in various International and Domestic Sectors.

MMACI ensures to adhere to quality and standards, compliance with regulatory and applicable statutory requirements, and assures stakeholders of the adequacy, suitability, effectiveness, and continuous improvement of the Quality Management System.

DR. DENNIS P. MAUSISA

School President

This Onboard Training manual is reviewed to ensure its continuing relevance to the systems and process that it describes. A record of contextual additions or omissions from last revision dated August 16, 2021 are given below:

Reference Number	Context
OBT.VM.01.01	Vision, Mission: *Revised*
OBT.CVGAO.02.01	Core Values, Graduates Attributes, Objectives: *Revised adopting the trifold of education*
OBT.QPS.03.01	Quality Policy Statement *Revised*
OBT.ROC.04.02	Record of Change: *Reflected all changes, revision, amendments*
OBT.TOC.05.02	Table of Contents: *Reflected all sections, sub-sections of the OBT manual including the forms and checklist*
OBT.GP.06.02	General Provisions: *Updated reference to with revision of Annex F Joint CHED-MARINA 01 Series of 2023*
OBT.DOT.07.02	Definition of Terms: *Updated as per Joint CHED-MARINA 01 Series of 2023*
OBT.OOBT.08.02	Section 1 – Objectives of OBT: *Aligned with Annex F JCMMC 2023 Revised Guidelines on the Implementation of approve OBT program for BSMARE and BSMT students.*
OBT.OBTR.09.02	Section 2 – OBT Requirements: *Aligned with Annex F JCMMC 2023*
OBT.GR.10.02	SECTION 3 – GENERAL REQUIREMENTS: *Added to MMACI – MHEI paragraph* *.2 (a - k)* *.3 Onboard Training Office (OTO): c. - at least one (1) dedicated mobile phone (i/o one telephone)* *Aligned with Annex F JCMMC 2023 Revised Guidelines on the Implementation of approve OBT program for BSMARE and BSMT students.*

Reference Number	*Context*
OBT.ROBT.11.02	Section 4: Records of OBT 4.1 Training Record Book (TRB): *Inserted* *.3 Requirements to Ensure Authenticity of the TRB (reference section 6 Annex B JCMMC 2019)* *Aligned with Annex F JCMMC 2023 Revised Guidelines on the Implementation of approve OBT Program for BSMT & BSMARE*

The Onboard Training (OBT) system presented within this manual and its supporting procedures reflect Merchant Marine Academy of Caraga, Inc.'s (MMACI's) decision to adopt a process approach throughout our institution, in order to ensure compliance to ANNEX H of Joint CHED- MARINA Memorandum Circular No. 1, Series 2022, with revision of Annex F Joint CHED-MARINA 01 Series of 2023. Revised Guidelines on the Implementation of the Approved Onboard Training Programme for BSMT and BSMarE Students.

Merchant Marine Academy of Caraga, Inc., hereinafter named MMACI, ensures that students have completed the OBT within six (6) years from completion of classroom instruction and, whenever necessary, are provided with appropriate updating courses taking into account any changes of the standard of competence set forth by the STCW and relevant national policies, standards and guidelines.

DEFINITION OF TERMS

1.	**Assessment**	The process of evaluating evidence of competence through one or more of the methods of demonstrating competence; gathering information and evidences on the quality of product, performance, or demonstration, and measuring their fitness with the pre-determined standard
2.	**Assessor**	A qualified and experience maritime professionals with 6.09, 3.12, and 6.10 certificates for the particular types and level of training and corresponding assessment of competence. He / She is an expert of the field of the subject to assess.
3.	**Bachelor of Science in Marine Transportation**	The maritime education program being implemented by the Commission and the Maritime Administration in compliance with the mandatory education and training under Regulation II/1, paragraph [5] of the STCW Convention, 1978 as amended, as one of the requirements for issuance of Certificate of Competency (COC) as Officer in Charge of a Navigational Watch on seagoing ships of 500 gross tonnage or more. (Ref: JCMMC#1, S-2023)
4.	**Bachelor of Science in Marine Engineering**	The maritime education program being implemented by the Commission and the Maritime Administration in compliance with the mandatory education and training under Regulation III/1, paragraph [4] of the STCW Convention, 1978 as amended, as one of the requirements for issuance of Certificate of Competency (COC) as Officer in Charge of a Engineering Watch in a manned engine-room or designated duty engineer officer in a periodically unmanned engine-room on seagoing ships powered by main propulsion machinery of 750 kW propulsion power or more. (Ref: JCMMC#1, S-2023)
5.	**Competence**	The ability that extends beyond the position of knowledge and skills. It includes cognitive competence, functional competence, personal competence, and ethical competence.
6.	**Competencies**	The combination of knowledge, complex skills, behaviour, and attitude that enables an individual to perform a specific task or role.
7.	**Competency Standard**	Demonstration of the knowledge and skills and competencies linked to the practice of a job or profession in accordance with the requirements of the job.

8.	**Completed Classroom Instruction (CCI) for OBT**	"Completed Academic Requirements" in previously issued PSGs, pertains to the completion of the required courses under the BSMT or BSMARE program prior to the OBT based on the Commission and Maritime Administration approved curriculum. (Ref: JCMMC#1, S-2023)
9.	**Company Training Officer**	A designated shipping company personnel in charge of Onboard Training Programme for the OBT student on board their fleet.
10.	**Maritime Students**	A student officially enrolled in Bachelor of Science in Marine Transportation (BSMT) and Bachelor of Science in Marine Engineering (BSMARE) program in the maritime institutions.
11.	**Maritime Higher Education Institution (MHEI)**	A maritime institution permitted to operate Bachelor of Science in Marine Transportation (BSMT) and Bachelor of Science in Marine Engineering (BSMARE) program by Commission on Higher Education (CHED) and Maritime Industry Authority (MARINA). (RA#: 7722 also known as "Higher Education Act of 1994" & RA#: 10635).
12.	**Memorandum of Agreement (MOA)**	An agreement between the MHEI's and the Ship Owner's or Shipping Agencies/Company for students undergoing OBT program.
13.	**Onboard Training (OBT)**	Onboard Training pertains to the sea service requirements for Bachelor of Science in Marine Transportation (BSMT), and Bachelor of Science in Marine Engineering (BSMARE) students to qualify for graduation by the Maritime Administration and to be accepted to take the assessment of competence required for certification of STCW Convention '78, as amended 2010 Manila Convention.
14.	**Onboard Training Supervisor (OTS)**	A designated personnel in Maritime Profession appointed by the MHEI to supervise, to assist, to deploy, and monitor maritime student's status onboard a ship.
15.	**Onboard Training Office (OTO)**	An office for OBTS to manage of the activities and other requirements for students undergoing OBT.
16.	**Training Record Book (TRB)**	The record of evidence that the OBT students perform each task, the competencies required in accordance of STCW'78, as Amended, 2010 Manila Convention. This Training Record Book (TRB) is designed by the International Shipping Federation, Global MET or any other entity and approved by the Maritime Administration.
17.	**MMACI**	A Maritime Higher Education Institution which simply means as **"Merchant Marine Academy of Caraga Incorporated"** as an institution & Implementor of the OBT program.

1. Objectives of Onboard Training

These guidelines prescribe the requirements for the implementation of the approved onboard training program for BSMT and BSMarE students after having completed the classroom instruction (CCI) in order to qualify for the conferment of the degree, which will further quality them to take the assessment of competence for certification as Officer In Charge of a Navigational Watch on seagoing ships of 500 gross tonnage or more under Regulation II/1 and as Officer In Charge of an Engineering Watch in a manned engine-room or as designated duty engineer in a periodically unmanned engine-room on seagoing ships powered by main propulsion machinery of 750 kW propulsion power or more under Regulation III/1 of the STCW Convention, 1978, as amended, respectively.

Specifically, pursuant to Section A-II/1 of the STCW Code, every candidate for certification as Officer In Charge of a Navigational Watch of ships of 500 gross tonnage or more whose seagoing service, in accordance with paragraph 2.2 of regulation II/1, forms part of the approved BSMT program which meets the requirements of this section shall meet the following objectives:

.1 ensures that, during the required period of seagoing service, the candidate receives systematic practical training and experience in the tasks, duties, and responsibilities of an officer in charge of a navigational watch;

.2 is closely supervised and monitored by Master or qualified marine deck officers aboard the ships in which the approved seagoing service is performed; and

.3 is adequately documented in the approved training record book (TRB) and Daily Journal of Watchkeeping Duties.

Similarly, pursuant to Section A-III/1 of the STCW Code, every candidate for certification as Officer In Charge of an Engineering Watch in a manned engine-room or as designated duty engineer in a periodically unmanned engine-room of ships powered by main propulsion machinery of 750 kW or more whose seagoing service, in accordance with paragraph 2.2 of regulation III/1, forms part of the approved BSMarE program as meeting the requirements of this section shall meet the following objectives:

.1 ensures that, during the required period of seagoing service, the candidate receives systematic practical training and experience in the tasks, duties and responsibilities of an officer in charge of an engine-room watch;

.2 is closely supervised and monitored by a Chief Engineer or qualified engineerofficer aboard the ships in which the approved seagoing service is performed;and

.3 is adequately documented in the approved training record book (TRB) and Daily Journal of Watchkeeping Duties.

2. OBT Requirement

The Onboard Training requirement may either be 12 months or 36 months seagoing service.

2.1 OBT for BSMT Program

1. The OBT requirement shall be complied with by undergoing and completing:

a. Not less than of 12 months seagoing service, which shall include the performance of bridge watchkeeping duties for a period of not less than six (6) months under the supervision of a master or a qualified deck officer. Following a structured program of training on board a seagoing ship of 500 gross tonnage or more, documented in the approved Training Record Book (TRB) and Daily Journal Watchkeeping Duties in accordance with the requirements of the STCW Convention, 1978, as amended; or

b. Not less than 36 months of seagoing service on board a seagoing ship of 500 gross tonnage or more engaged in domestic or international voyages, either as Ratings Forming Part of a Navigational Watch, or Able Seafarer Deck, or other relevant capacity in the Deck Department, which shall include the performance of bridge watchkeeping duties for a period of not less than six (6) months under the supervision of the Master or a qualified deck officer.

2. The required seagoing service of not less than 12 months or 36 months may be continuous or cumulative, taking into consideration the requirements of the Maritime Labor, convention, 2006.

3. The performance of bridge watchkeeping duties shall be prescribed by the Maritime Administration (Annex F-1).

2.2 OBT for BSMarE Program

1. The OBT requirement shall be complied with by undergoing and completing:
   a. a combine workshop skills training and an approved seagoing service of not less than 12 months as part of an approved training program, which shall include the performance of engine-room watchkeeping duties for a period of not less than six (6) months under the supervision of the
   Chief Engineer or a qualified engineer officer, following a structured program or a qualified engineer officer, following a structured program of training on board a seagoing ship of 750 kW propulsion power or more, documented in the approved training record book (TRB) and Daily Journal of Watchkeeping Duties in accordance with the requirements of the STCW Convention, 1978, as amended; or
   b. a combine workshop skills training and an approved seagoing service of not less than 36 months of which not less than 30 months shall be seagoing service in the engine department on board a seagoing ship powered by main propulsion machinery of 750 kW propulsion power or more engaged in domestic or international voyages, in a position either as Ratings forming Part of an Engineering Watch in a Manned Engine-room or designated to perform duties in a periodically Unmanned Engine-room, or Able Seafarer Engine, or other relevant capacity in the Engine Department, which shall include the performance of engine-room watchkeeping duties for a period of not less than six (6) months under the supervision of the Chief Engineer or a qualified engineer officer.
2. The required seagoing service of not less than 12 months or 36 months may be continuous or cumulative, taking into consideration the requirements of the Maritime Labor Convention, 2006.
3. The performance of engine-room watchkeeping duties shall be documented using the Daily Journal of Engine-room Watchkeeping Duty prescribed by the Maritime Administration (Annex F-2)

3. General Requirements

The approved onboard training program of BSMT and BSMarE students shall be implemented by the following with their respective duties, functions and responsibilities, to wit:

3.1 Merchant Marine Academy of Caraga, Inc. (MMACI) – (Maritime Higher Education Institution (MHEI)

3.1 .1 Quality Standards System (QSS)

The MMACI shall have a clear and comprehensive policy and procedures covering the implementation of OBT requirement in its QSS, which shall cover among others, orientation/familiarization, enrolment, embarkation/ disembarkation, validation of TRB and approval of twelve months seagoing service, validation and approval of the thirty-six months seagoing service, assessment, validation of Daily Journal of Watchkeeping Duties (DJWD), the conduct of updating/refresher courses as appropriate, and remediation program of students for shipboard training purposes.

3.1 .2 On Board Office (OTO)

An On Board Training Office (OTO) of MMACI shall be established to manage the activities and other requirements of students undergoing the OBT. Thus for the maintenance and operation of this office, the following shall be provided:

a. Designate a full time Onboard Training Supervisor (OTS) and sufficient staff to effectively manage the daily operations of this office;
b. A dedicated workplace with an area of at least 20 sq.m.;
c. Resources and facilities to support its effective and efficient operation, such as but not limited to:
    - At least one (1) set up of computer unit with internet connection or an equipment and related peripherals which serves the purpose of sending and receiving documents;
    - Tables and chairs;
    - At least one (1) telephone line; and
    - Bulletin board

3.1 .3 On Board Training Supervisor (OTS)

1. Qualifications of the OTS

The OBT Supervisor of the MMACI shall possess the following qualifications:

- Completed at least 12 months of seagoing service as officer-in-charge (OIC) of navigational watch or engineering watch;
- Have completed trainings in IMO Model Courses 6.09, 3.12 and 6.10;
- Have at least one (1) year teaching experience; and
- Have attended a proper orientation on the duties and responsibilities of an Onboard Training Supervisor and the functions of the Onboard Training Office.

2. Responsibilities of the OTS

MMACI shall not assign any additional teaching load to the Onboard Training Supervisor (OTS) to allow him to concentrate on his OBT duties,

The OTS shall be responsible in providing all necessary guidance and thorough orientation/familiarization concerning onboard training requirements of all BSMT and BSMarE students who will undergo their onboard training. Specifically, it is the responsibility of the OTS to:

i. Coordinate for the embarkation/disembarkation of students;
ii. Coordinate with the manning/shipping company in the preparation and approval of the Onboard Training Guidance (OTG);
iii. Conduct a comprehensive orientation to students on among others, the following
    - The difference between the 12 months and 36 months seagoing service;
    - The enrolment of the required OBT before Embarkation;
    - The need to execute Standard Onboard Training Agreement Contract;
    - The proper way of accomplishing and filling-in of correct entries in the TRB and Daily Journal Watchkeeping Duties;
    - Validation process of the TRB and the objective evidence needed to establish seagoing service such as the Master's Declaration of Safe Departure (MDSD), Crew List (for domestic), Certificate of Seagoing Service;
    - Gather sufficient objective evidence/s as proof of having performed the required tasks in the TRB and watchkeeping duties in the DJWD;
    - The role of the Onboard Training Supervisor and the students in monitoring the progress of the OBT;
    - Assessment of seagoing service;
    - Completion of the refresher/updating courses, as necessary;
    - Completion of the remediation program, as necessary ; and
    - In the event that a student opts not to pursue or undertake the required OBT, the requirement to submit of a formal letter to inform the MMACI of his/her intention.
iv. Ensure that all students undergoing OBT shall be issued approved TRB before embarkation ;
v. Conduct briefing of students prior to embarkation;
vi. Coordinate with the shipping company and/or manning agency on the preparation of the OTG, embarkation schedule and the approval of the Standard Onboard Training Agreement;
vii. Monitor progress of students undergoing OBT by;
    - Communicating, checking and providing guidance as to the accomplishment of the TRB and Daily Journal of Watchkeeping Duties including the submission of appropriate objective evidence/s of having performed the tasks and watchkeeping duties onboard;
    - Maintaining records of monitoring which should be retained at the Onboard Training Office for at least five (5) years from the completion of the OBT.

Student's Record shall include, among others:

- Student's Name
- Program Enrolled
- Date of OBT Enrolment
- Standard Onboard Training Agreement Contract
- Date of Embarkation
- Date of Disembarkation
- Route (Domestic or International)
- Copy of Ship's Particular
- Onboard welfare (complaints/concerns);
- Date of Monitoring; and
- Objective Evidence submitted.
- Providing guidance and assistance as to onboard welfare, personal and professional concerns, when necessary;

viii. Conduct debriefing validation of the TRB, Daily Journal, Seagoing Service and assessment and approval.

ix. Any students who submits fraudulent documents will be issued a show cause order by MMACI and will be required to resubmit authentic documents within 15 days from receipt of the directive. If student fails to submit authentic documents, OBT supervisor will submit the report to the Dean and Vice Presidents for Academic for further investigation and resolutions.

x. Keep records of the linkages or partnership with shipping companies and/or manning agencies that the MMACI had established, the result of student's assessment as well as the validation of TRB's and other pertinent records relating to OBT such as OBT agreement and/or employment contract which should be retained at the Onboard Training Office for a period of at least five (5) years from the completion of the OBT.

3.1 .4 Onboard Training Guidance (OTG)

The MMACI shall ensure that the competencies and/or task are completed as defined in section A-III/1of the STCW Code. The training Record book (TRB) will serve as basis in developing the Onboard Training Guidance (OTG) for every student following the prescribed format per Annex F3 and Annex F4. In preparing the OTG, MMACI shall be guided by the instructions provided in the attached OTG forms for BSMT and BSMarE.

3.1 .5 Onboard Training Agreement

The MMACI shall ensure that on OBT Agreement (Annex F-5) is approved between the shipping company or manning agency, the student, and the MMACI, written in the English language, before the commencement of the OBT and submit a duly notarized copy to CHED Office of Programs and Standards Development.

3.1 .6 Enrollment

MMACI shall ensure that students undergoing the 12 months onboard training shall be enrolled before the commencement of the seagoing service.

Students who will undergo the 36 months seagoing service shall be enrolled prior to validation and assessment. Any OBT experience without prior enrollment shall not be credited for the 12 months structured program rather shall be considered in the 36 months route for seagoing service.

MMACI shall ensure that the registrar regularly submits notarized list of students enrolled in OBT to CHED regional Office (CHEDRO) concerned, within 45 days after the start of the semester.

3.1 .7 Life and Accident Insurance

MMACI shall ensure that the tuition fee for the forty (40) units OBT and other fess shall be inclusive of life and accident insurance coverage of at least PHP 250,000.00 per student in the domestic trade while undergoing OBT.

3.1 .8 Approved Training Record Book (TRB)

MMACI shall ensure that all students who will be undergoing OBT shall be issued an approved TRB before Embarkation.

3.1 .9 Monitoring

MMACI shall establish a system in monitoring students undergoing OBT as part of its quality standards system.

Upon student's enrolment in OBT, the MMACI shall create an account to register the details of their students in the MISMO portal of the Maritime Administration, for monitoring purposes.

MMACI shall upload in the MISMO copies of Monitoring reports on the progress of their OBT students.

MMACI are required to monitor the progress of student's onboard training every month to effectively guide the students in complying with the OBT requirements particularly on the accomplishment of the duties and tasks listed in the TRB and Watchkeeping duties including submission of the corresponding objective evidence/s of having performed the sea projects/operational tasks. Monthly Progress Report shall be prepared by the OTS on the result of monitoring.

MMACI shall refer to the OTG in monitoring the progress of student's onboard training and provide feedback to the student concerning duties and tasks to be completed within the OBT period.

3.1 .10 Report on status of students undergoing OBT

MMACI shall ensure that in case of unusual events or incidents, the CHED Regional Office, Nearest MARINA Regional Office, Philippine Coast Guard (for domestic OBT), as the case maybe and the parents are promptly provided with information or reports on the status of students and the assistance rendered. The agreement between MMACI and the shipping manning company should include the responsibility in reporting the status of the students.

3.1 .11 Validation of Seagoing Service

MMACI shall ensure that the validation of the 12 months or 36 months seagoing service is undertaken in accordance with section 5 of these guidelines.

3.1 .12 Updating and Refresher Courses

MMACI shall ensure that the students who failed to complete the OBT within 6 years from completion of classroom instruction shall be required to undertake the Updating Course, as prescribed by the Maritime Administration and Students who failed to complete the OBT requirement after 6 years from completion of classroom instruction shall be required to undertake the Refresher Course, prior to the conferment of the degree.

3.2 Shipping/Manning Company

Shipping/Manning company which provides onboard training to students shall be responsible to:

3.2 .1 Provide shipboard training berth; and

3.2. .2 facilitate the issuance of a certification (Annex F-6) to students upon completion of the OBT indicating, among others, the actual duration of onboard training.

3.3 Master

In the implementation of the Onboard Training Program, the Master has the following responsibilities:

3.3.1 Designate the shipboard Training Officer;

3.3.2 Evaluate student's performance onboard before affixing signature in the TRB and DJWD; and

3.3.3 Issue the certificates of Sea Service (Annex F-7) indicating. Among others, the actual duration of training onboard.

3.4 Students

MMACI shall ensure that students undergoing onboard training are aware of their responsibility to:

3.4 .1 Follow diligently the approved OTG for the whole duration of the Onboard Training;

3.4 .2 keep the Training Record Book and Daily Journal of Watchkeeping Duties properly filled-up; and

3.4.3 Prepare and gather all objective evidences of having performed the required sea projects and Operational tasks.

Section 4. Records of Onboard Training

4.1 Training Record Book (TRB)

1. Approval of the TRB
   The Administration adopts the Training Record Book (TRB) develop by the ISF and GlobalMet as standard to be used by the students to document the approved OBT.
   Any submission of a proposed TRB, other than the ISF and GlobalMet shall undergo the following procedures for approval:
   a. A technical Working Group (TWG) shall be created to review and verify the sufficiency and appropriateness of the assignments, task and duties based on the requirements of the STCW convention;
   b. The TWG, composed of technical experts from MARINA, CHED and industry representatives, shall submit report on the result of evaluation and recommend to the administrator for approval, through the Executive Director, STCW Office;
   c. An advisory shall be issued containing the list of approved TRB's that students can usMe for onboard training; and
   d. Approve TRB shall bear the official logo of the administration and the commission including approval date on the cover of the TRB, among others. Only TRB's approved by the administration shall be used by the students to document the completion of required competences and tasks Onboard.
2. **Guidance on filling up the TRB**
   During the conduct of orientation, the Onboard Training Supervisor shall provide, among others, the following guidance to students on the proper filling up of the approved TRB:
   a. Providing complete personal information, including details of trainings received in accordance with the STCW Convention and the mandatory Safety and Shipboard Familiarization;
   b. Having the TRB signed by an officer onboard to prove that mandatory familiarization as required by the STCW Convention has been undertaken.
   c. Particulars of the vessel;
   d. On satisfactory completion, each of the assignments and tasks should be initialed by the Master/Chief Engineer or duly authorized officer. It is important for the students to be aware that he may need to demonstrate this ability on several occasions before the Master/Chief Engineer or duly authorized officer until they are convinced that he/she has achieved this standard;
   e. Gathering of appropriate objective evidences as proof of actually having performed the assignment, tasks and duties while undergoing onboard training; and
   f. Any comments on the progress of the OBT to be reflected on the corresponding page of the TRB.

3. Requirements to ensure Authenticity of the TRB

MMACI shall issue only approved TRB to students who enrolled the 12 months structured OBT. Hence, to ensure the authenticity of the TRB that would be presented by the students

after completing the required OBT, and for purposes of validation, assessment, and issuance of Special Order (SO) for graduation, MMACI shall ensure that:

a. All pages of the TRB are stamped with the students Number to whom it would be issued;
b. Information such as name of the issuing MHEI the MMACI and the students number to whom the TRB would be issued are also stamped on a conspicuous page, preferably next to the front page of the TRB and
c. TRB control numbers issued to students are indicated in the enrollment list to be submitted to the ched Regional Office.
d. All pages of the TRB are stamped by CHED Regional Office.

4.2 Electronic TRB (eTRB)

1. The approved TRB may be converted into electronic format (eTRB) for ease of use, monitoring and verification and shall be submitted to MARINA for approval before dissemination to students.

2. Only approved eTRB shall be allowed to be used by students who enrolled the structured 12 months onboard training

3. The Criteria and process in approving eTRB by the administration shall be in accordance with 4.1.1 above
4. The mechanism on the utilization of eTRB must be provided in the quality standards system of MHEI.

4.3 Daily Journal of Watchkeeping Duties

In complying with the six (6) months Watchkeeping duties in the bridge or in the engine-room MMACI shall

1. Be responsible in ensuring that students are given sufficient guidance in accomplishing and submitting the Daily Journal of Watchkeeping Duties (DJWD) using the prescribed form by completing all the following entries:
   a. Daily Journal of Bridge Watchkeeping Duties
      - Name of vessel
      - Date & Time of Watchkeeping duty
      - Ship's position
      - Position-fixing method
      - Course and speed
      - Bridge watchkeeping activities, specific duties and events during the watch
   b. Daily Journal of Engine-room Watchkeeping Duties
      - Name of a vessel
      - Date & Time of Watchkeeping Duty
      - FO/DO consumption
      - Average RPM
      - Average engine speed
      - Engine-room watchkeeping activities, specific duties and events during the watch
2. To appropriately fill up the DJWD form students should be guided by the OTS that only watchkeeping-related duties at the bridge and engine-room shall be indicated therein;

3. Students shall render and complete a total of six (6) months of bridge or engine-room watchkeeping duties. Students are therefore required to submit accomplished daily journals (DJWD) for a total of six (6) months indicating performance of watchkeeping duties during their OBT;

4. For purposes of verification, keep a complete set of the DJWD accomplished by the students including the corresponding objective evidences/s as proof of their having performed the watchkeeping duties during their on board training.

Section 5. Validation of OBT

5.1 Twelve (12) months OBT,

1. After completing the 12 months OBT, students shall report to the Onboard Training Office of the MMACI concerned for debriefing, validation of TRB, approval of twelve months OBT and assessment purposes. The following documents must be submitted for evaluation:

a. Accomplished Training Record Book (TRB) showing that all identified sea projects and at least 70% of the identified operational tasks were completed during Onboard training. Duties and task that were not performed onboard and can be performed by the student and assessed by the MMACI using appropriate equipment/simulator ashore shall be included in the Remediation program that will be provided by the MMACI.

b. The corresponding objective evidence/s identified in the TRB and OTG as a proof of having performed the task during onboard training. The Onboard Training Supervisor must ensure that objective evidence/s presented are appropriate and related to the task performed onboard;

c. Certificate of Sea Service signed by the Master supported by copy of the Seafarers Record Book (SRB) covering the Sea service;

d. Notarized Certificates of Sea Service issued by the Shipping/Manning company;

e. Accomplished Daily Journal of Watchkeeping Duties showing performance of Watchkeeping duties and tasks of at least four (4) hours per day for (6) months during their onboard training;

The Certificate of Sea Service (ANNEX F-7) and the certificate (ANNEX F-6) to be issued by the manning/shipping company should follow the accompanying formats which are made as integral part of this PSG;

f. Seafarer’s Record Book (SRB or Seaman’s Book),
g. Passport with immigration stamp of departure and arrival for oceangoing service; or

For OBT in domestic seagoing service, there shall be at least one per month for total of 12 months' duration of the following documents signed by the Master:

- Certified True Copy of the Master's Declaration of Safe Departure (MDSD) signed by PCG and
- Crew list with ship's stamps and PCG Clearance stamp with signature
  The Crew List to be utilized shall be in accordance with the format of the International Maritime Organization (IMO) Facilitation of Maritime Travel and Transport (FAL) Convention or IMO FAL Form No.5 (ANNEX F-8).

2. The months OBT shall only be approved after students have presented the aforementioned documents and duly validated. Only students with validated and approved seagoing service shall qualify for assessment.
3. The validation of TRB and approval of the 12 months seagoing service shall be conducted in accordance with the written policies and procedures specified under Quality Standard System (QSS) of the MMACI. Moreover, it is required that a notarized "certificate of validation assessment and approval" of the students TRB of the 12 months seagoing service be issued by the Onboard Training Office which shall also be submitted to the CHEDRO as basis for the issuance of SO for graduation.

5.2 Thirty-six (36) Months Seagoing

1. In case the BSMT and BSMarE students who were not able to undergo the 12 months seagoing service as provided under Section 2.2.1 or section 2.2.2 of these guidelines, the following documents must be submitted to the Onboard Training Office for the validation and approval of the students seagoing service in order to qualify for assessment of OBT and conferment of a bachelor's degree:

a. Certificate of Seagoing service duly signed by the Master or Chief Engineer with the ship's stamp and/or countersigned by responsible officer of local crewing or manning agency of the ship in lieu of the TRB, which should include, among other's the following information:
   i. Vessel name and type
   ii. Ship's port of registry
   iii. Gross tonnage
   iv. Propulsion power in kilowatt
   v. IMO number
   vi. Length of service (date signed on and date signed off) and the position/ capacity held

b. Accomplished Daily Journal Of Watchkeeping Duties showing performance of watchkeeping duties and tasks of at least four (4) hours per day for six (6) months during the seagoing service;
c. Seafarer's Record Book (SRB or seaman's Book);
d. Passport with immigration stamp of departure and arrival for oceangoing sea service and
e. For domestic seagoing service, there shall be at least one per month for a total of 36 moths' duration of the following documents signed by the Master:
    - Certified true copy of the Master' Declaration of Safe Departure (MDSD) signed by PCG; and
    - Crew list with ship's stamp and PCG Clearance stamp with signature.

2. The 36 months seagoing service shall only be approved for assessment after students concerned have presented the aforementioned documents and duly validated.

3. The validation and approval of the 36 months seagoing service shall be conducted in accordance with the written policies and procedures specified under the Quality Standards System (QSS) Of the MMACI, Moreover, it is required that a Notarized "Certificate of Validation, Assessment and Approval" Of the 36 months seagoing service be issued by the Onboard Training Office which shall also be submitted to the CHEDRO as basis for the issuance of SO for graduation.

Section 6. Assessment

6.1 As a general rule, students with a duly validated onboard training may qualify to undergo an assessment relating to the tasks performed and competencies acquired during the required OBT. Students who qualify for assessment policies and procedures specified under the QSS of the MMACI concerned. The methods of assessing the student's learning from the OBT shall be done through:

1. Written or computerized examination. The written or computerized examination based on the TRB shall be designed in accordance with the pertinent requirements under section A-II/1 and section A-III/1 of the STCW Code for BSMT and BSMarE, RESPECTIVELY;
2. Practical assessment using appropriate laboratory equipment, machinery and/or simulator to demonstrate practical knowledge of onboard tasks in accordance with table of competences of the STCW Code, as amended; and
3. Panel Interview (oral assessment). This assessment method will allow the assessor's to further evaluate the competences acquired on board based on the TRB including Sea Projects and entries in the Daily Journal of Watchkeeping Duties, Composed of the Dean or duly authorized representative, Onboard Training Supervisor, and one (1) instructor of professional courses, all of whom must be qualified assessors from the MMACI CONCERNED; and

6.2 In the case of students who completed the 36 months seagoing service, the same assessment methods shall be adopted except for TRB verification.

6.3 The written or computerized examination, the practical assessment and panel interview (oral assessment) shall aim to ensure and demonstrate that the student's being assessed have acquired experience onboard related to the competencies

6.4 Assessment of Outcomes of OBT for 12-month or 36-month equivalence in any of the following assessment modalities, the passing standard is

- Written – passing is 75%
- Practical – passing is 75%
- Oral - passing is 75%

6.5 For grading purposes, the Passing Standard for comprehensive assessment is 75%, regardless of the form written, practical assessment, and panel interview to sum up as the student's final grade in OBT.

Rubrics and Checklist may be used to measure the competency of the students.

OBT GRADING SYSTEM

Grade Point Equivalence	**Equivalence**	*Letter Grade*	**Description**	*Remarks*
1.00	96–100%	A	Excellent	*Meets minimum competence with exceptional score*
1.25	94–95%	B+	Very Good	*Meets minimum competence with over and above average score*
1.50	91–93%	B		
1.75	88–90%	C+	Good	*Meets minimum competence with above average score*
2.00	85–87%	C		
2.25	83–84%	D+	Satisfactory	*Meets minimum competence with average score*
2.50	80–82%	D		
2.75	78–79%	E+	Fair	*Meets minimum competence*
3.00	75–77%	E	Pass	
5.00	Below 75%	F	Failure	*Does not meet the minimum competence*

6.6 In the Assessment of student's knowledge gained from onboard training, MMACI shall adopt and implement design and development, review and verification, validation, and approval processes as part of its quality standards system. In designing and developing the assessment tools, the following should be considered:

1. Setting performance objective In accordance with the tasks performed onboard;
2. Determination of the corresponding performance measures and standards;
3. Preparation of assessment package
4. Conduct of assessment; and
5. Development of performance Improvement Plan, which contains inputs for the development of appropriate remedial program as necessary.
6.

6.7 The assessment results shall be recorded and signed by the Assessors and consolidated by the Onboard Training Supervisor who shall be sign the official grading sheet of the students to be submitted to the MMACI's Registrar.

6.8 In the event that the MMACI where the student completed the classroom instruction (CCI) is no longer offering the BSMT/BSMarE Program, concerned CHED Regional Office shall assist the students to be admitted to another MHEI for purposes of validation of OBT, assessment, remediation and conferment of the degree in accordance with the policy and procedure of the commission.

The accepting MHEI shall have in its QSS the corresponding policy and procedures to be followed in the implementation of the transfer of students.

Section 7. Remediation

7.1 If in any case, the result of the assessment indicates that the student cannot demonstrate the competences required under the 1978 STCW Code as amended, or the required competencies/task in the TRB were not fully completed by the student during the 12 month OBT, The MMACI shall institute appropriate remediation program (simulation/workshops practical exercises) in order for the students concerned shall be required to undergo assessment/reassessment based on section 6 of these guidelines to determine if they have fully acquired all the necessary competences .
7.2 The remediation program must contain, among others, the coverage /scope, instructor qualification, facilities and equipment needed, instructional materials, and assessment tools.
7.3 records of implementation of the remediation program shall be kept and maintain by the MMACI including results of assessment/reassessment, to be presented during the regular monitoring by the commission and Maritime Administration.

1. Policy and procedure to ensure provision of OBT slot for students to finish their study and be granted with BSMT or BSMarE degree

1.1 Policy: MMACI shall ensure that all students in the BSMT and BSMarE programs who have "Completed Classroom Instruction (CCI) for OBT" as per Commission and Maritime Administration approved curriculum shall be provided with OBT slot to finish their study and be granted with the BSMT or BSMarE degree.

1.2 Procedure:

1. Ensure to have a strong linkages or partnership with ship owner or shipping manning agency/company for the students Onboard Training Program either in Domestic or International voyages on board a ship of 500 GRT or above and 750 kW or above propulsion power as a requirement for STCW'78, as amended.

2. Secure a "Memorandum of Agreement" (MOA) signed between MMACI and Ship Owner or Shipping, Manning Agency/Company the Onboard Training Agreement on one hand, and the student and MMACI on the other, written in English language, shall be executed before the commencement of the Onboard Training (OBT) (for domestic or international voyage) and submitted a copy to the CHED Office of Programs and Standards Development.

3. Conduct a periodic meeting and review of the partnership between the institution and the shipping company for the purpose of further improvement of the system and procedure.

4. Renew their Memorandum of Agreement (MOA) if necessary, for the continuing partnership.

5. Search for potential Ship Owner or Shipping Manning Agency/Company with valid POEA Accreditation and MARINA Accreditation.

6. Send a letter of proposal of the chosen ship owner or shipping manning agency/company to emphasize the intent of partnership of providing a qualified Maritime Cadet's.

7. Invite Ship Owner or Shipping Manning Agency/Company to visit the institutions facilities and its environment and presentation of the proposed plan.

8. Search and ties-up with shipping companies with the support of the School Administration.

9. Formulate Students for OBT Shipping Company assignment based on Shipping Company pre-qualification requirements such as but not limited to:
   Scholastic Performance (Grades – GWA)
   Height, age and gender requirements

2. Policy and procedure on the conduct of thorough orientation of students about the requirements of OBT including the proper way of accomplishing and filling-in of entries in the Training Record Book.

2.1 Policy: The OBT Supervisor shall conduct orientation of students among others, on the following:

a. The difference between the 12 months and 36 months seagoing service;
b. The enrollment of the required OBT before embarkation
c. The need to execute Standard Training Agreement contract for domestic and international voyages
d. The proper way of accomplishing and filling-in of entries in the TRB and daily journal, validation of the TRB and the evidence needed to establish seagoing service such the Masters' Declaration of Safe Departure (MDSD), Crew List (for domestic) and certificate of seagoing service;
e. The role of the OBT Supervisor and the students under the system of monitoring the OBT; and
f. The assessment of seagoing service.

2.2 Procedure:

2.2.1 Prior the Orientation

1. Creation of Orientation Program
   The OBT Supervisor coordinates with the Dean, Program Head, Registrar, and other related personnel who will be involved in the Orientation Program.

   Inputs: List of Students who are about to complete the classroom instruction by class section;
   Source: Office of the Registrar

2. Sharing of Orientation Program Agenda
   Provide the agenda in advance so that program can be incorporated in the College Calendar of Activities and students can take time to familiarize themselves with orientation activities and campus events.

3. Preparation of orientation materials such as PPT, sample of TRB, Daily Journal, Crew List, etc.

2.2.2 During the Orientation

1. The OBT Supervisor shall:
   a. differentiate the 12 months and 36 months seagoing service;
   b. explain the requirements of OBT enrollment before embarkation
   c. explain the importance of the Standard Training Agreement contract for domestic and international trades and show sample contract;
   d. demonstrate the proper way of accomplishing and filling-in of entries in the TRB and daily journal;
   e. explain the validation process of the TRB and identify the evidence needed to establish seagoing service such the Masters' Declaration of Safe Departure (MDSD), Crew List (for domestic trade) and certificate of seagoing service;
   f. completed attendance of participants (Students for OBT) must be filed accordingly.

2.2.3 After the Orientation

Conduct program (orientation) evaluation.

Please refer to OBT Checklist and Forms.

3. Policy and Procedure for Enrolment of Student for OBT Prior the Commencement of Seagoing Service.

3.1 Policy: MMACI shall ensure that OBT shall be enrolled before the commencement of the seagoing service. Students who may have not enrolled the OBT prior to embarkation can still enroll; however, the OBT shall be counted only from the date of enrolment.

Ensure that the tuition fee for the forty (40) units OBT and other fees shall be inclusive of health and accident insurance coverage of at least P250,000.00 per student while undergoing OBT on the domestic trade seagoing vessels.

3.2 Procedure:

3.2.1 Admission Requirements: Completed Classroom Instruction (CCI)

a. Verification of Onboard Training enrollment documentary requirements and evaluation of scholastic records.

The Program Head or his/her representative verifies Onboard Training enrollment documentary requirements and evaluates scholastic records.

b. Accomplishing and filling-in of entries of OBT Enrollment Form
The student completes all the needed information in the Enrolment Form and takes along the OBT Enrollment documentary requirements to the accounting office for the assessment of payment.

c. Assessment of Payment
Accounting Head recommends initial payment and directs the student to Cashier's Office.

d. Payment
Cashier accepts the payment of fees, issues receipt of payment and directs the student for OBT to Registrar Office.

e. Further verification and evaluation of documentary requirements
The Registrar or his/her designee re-checks the information in the Enrolment Form.
Enrollment forms with incomplete attachments shall be returned to the concerned student for OBT for compliance.

f. Encoding to MMACI enrolment system
DMO personnel encodes the details on the enrolment form, issues copy of study load and direct student to OBT Office (Please refer to Policy and Procedure for Onboard Training agreement between ship owner / manning agency and the student and the Merchant Marine Academy of Caraga, Inc.)

g. Notarization of Enrolment List
The Registrar or his/her designee facilitates the notarization of Enrolment List.

h. Submission of Notarized List
Registrar submits notarized list of enrolled students to CHED Regional Office in accordance with the Commission submission procedure.

Please refer to OBT Checklist and Forms.

3.3 Policy and Procedure for Monitoring Cadets Who Have Completed Classroom Instruction Prior to Onboard Training

Flowchart: Refer to **OBT-FC-MACCI-000**

3.3.1 Purpose

This policy establishes a structured approach to monitoring and assessing cadets who have completed their classroom instruction before proceeding to onboard training. The objective is to ensure that cadets are adequately prepared with theoretical knowledge, practical skills, and the right mindset for shipboard training, thereby enhancing their competency, safety awareness, and overall preparedness for real-world maritime operations.

3.3.2 Scope

This policy applies to all maritime cadets who have successfully completed their classroom-based instruction and are preparing for onboard training as part of their curriculum. It covers academic performance review, skills assessment, behavioral evaluation, compliance with regulatory requirements, and pre-deployment readiness checks.

3.3.3 Responsibilities

Onboard Training Supervisor

I. Ensures cadets meet all prerequisites before shipboard training and provides necessary support.

II. Maintains records, liaises with shipping companies to facilitate shipboard agreements.

III. Conduct evaluations of their 201 prior Onboard, and provide necessary feedback to cadets.

IV. Conduct home visitation monitoring for those not yet Onboard Cadets and endorse them to the partner shipping company.

V. OBT Supervisor shall secure an Affidavit of undertaking for students who opted to waive the cadetship program for personal reasons such as health conditions, financial resources, and other personal reasons.

Onboard Training Office Staff

I. Assist the OBT Supervisor to ensure that cadets meet all prerequisites before shipboard training and provides necessary support.

II. Assist the OBT Supervisor to maintain, records, and liaises with shipping companies to facilitate shipboard agreements.

III. Assist the OBT Supervisor in conducting evaluations of their 201 prior Onboard, and provide necessary feedback to cadets.

Accountable

Monitoring and Evaluation Procedure

3.3.4 CCI Pre-Boarding Compliance Check

I. Ensure cadets possess fit-to-work medical certification, and valid documentation, including passports, seafarer's identification records, training certificates, visas, and other necessary documentation.

II. Conduct pre-departure briefing sessions

III. Verifying seagoing ships with 500 or more gross tonnage for BSMT and 750 kW propulsion power for BSMARE.

Reporting and Documentation

I. An Onboard Training Guidance (OTG) shall be prepared for each cadet.

II. Records shall be maintained in the Onboard Training Office for reference, compliance tracking, and future evaluations.

Compliance

OBT-Check List Prior Onboard 201 File **Completion:**

- Cadets are required to complete their 201 file.

 OBT Supervisor Coordination and Endorsement:

- Once the 201 file is complete, the OBT supervisor will coordinate and endorse the cadets to a shipping company for onboard training.
- After endorsement OBTS Monitor cadets thru messenger, phone call, email, SMS.
- Secure Embarkation order and Standard Training Agreement.

 Re-evaluation and Agency Coordination:

- If a cadet fails to complete the 201 file, the OBT supervisor will:
  - Re-evaluate the lacking documents.
  - Follow up with the student regarding the update of the lacking 201 documents.
- If the cadet then completes the 201 file, the OBT supervisor will coordinate and endorse them to the shipping company.
- Secure Embarkation order and Standard Training Agreement.

 CCI Cadets Not Officialy Enroll

- The OBTS shall contact the Cadets and Parents thru messenger, phone call, email, SMS.
- If no feedback from the cadets and Parents afer 2-3 months.
- OBTS shall conduct house visitation.

 House-to-House Visitation:

- If the cadet still fails to feedback after Monitoring, the OBT supervisor will conduct a house-to-house visit.
- **House-to-house visit details:**
  - **Purpose of House to house Visitation:** To determine the reason for non-compliance and offer assistance.
  - **When will the visitation happen:** After the 3 month period, reevaluation and follow up.
  - **Who will be monitored:** The Cadets that have not yet enrolled.
  - **Who will be the responsible person of monitoring:** The OBTS (OBT Supervisor).
  - **Documentary Evidences:** Logbook, Home Visitation form, Visitation Plan.

 Cadet's Decision:

- **Onboard Decision:**
  - If the cadet decides to proceed with onboard training, they must complete the 201 file or other prior onboarding requirements.
- **Non-Onboard Decision:**
  - If the cadet opts not to proceed with onboard training, they must secure an Affidavit of Undertaking.
  - Cadets may continue onboard after resolving the stated reason from the Affidavit of Undertaking.

4. Policy and Procedure on the Issuance of Training Record Book (TRB) to student for OBT Prior Ship Embarkation.

4.1 Policy: MMACI's OBT Supervisor ensures that all students who will be undergoing OBT shall be issued an approved TRB before embarkation.

4.2 Procedure:

4.2.1 Verification of Enrolment

To ensure that OBT will be enrolled before the commencement of the seagoing service, OBT Supervisor shall consider asking copy of Study Load in the issuance of Training Record Book and directs the student to Cashier's Office for the payment.

4.2.2 Payment

Cashier accepts the payment of fees, issues receipt of payment and directs the student to go back to the OBT Office.

4.2.3 Issuance of Training Record Book

OBT Supervisor issues approved Training Record Book to students and ensure that:

4.2.3.1 all pages of the TRB are stamped with the Student's Number to whom it will be issued;

4.2.3.2 information such as MMACI, name of the school and the student's number to whom the TRB would be issued are also stamped on a conspicuous page, preferably next to the front page of the TRB; and

4.2.3.3 TRB control numbers issued to the students are indicated in the enrolment list to be submitted to the CHED Regional Office.

4.2.4 Conducts briefing

OBT Supervisor conducts further briefing in reference to Training Record Book (TRB).

Please refer to OBT Checklist and Forms.

5. Policy and Procedure for Onboard Training agreement between ship owner / manning agency and the student and the Merchant Marine Academy of Caraga, Inc.

5.1 Policy: The OBT Supervisor shall ensure that the OBT Agreement between the ship owner or manning agency on one hand, and the student and the MMACI on the other, written in the English language, shall be executed before the commencement of the OBT and the copy be part of the documents to be submitted to CHED Regional Office for conferment of Bachelor's Degree in Marine Transportation or Bachelor's Degree in Marine Engineering.

5.2 Procedure:

5.2.1 Eligibility for OBT

The OBT Supervisor evaluates the eligibility of a student to commence his/her Onboard training program.

5.1.1.1 Ship owner / Manning agency Pre-screening

Prior to entering into an OBT agreement, the ship owner / manning agency representative will conduct a pre-screening to ensure that a student meets the minimum standards of the company.

5.1.1.2 Preparation of MMACI's standard agreement template

The staff of the Office of the OBT Supervisor prepares the standard agreement template and other documents needed to complete the contracting package. He / She must ensure that template being used is approved and updated.

5.1.1.3 Drafting of Agreement

The OBT Supervisor collects the necessary data or information and ensures that OBT agreement is clearly written in English language.

5.1.1.4 Agreement Review Process

5.1.1.5 Agreement Signing

5.1.1.6 Distribution of Copies

Please refer to OBT Checklist and Forms.

6. Policy and Procedure on Arrangement, Coordination and Supervision of the Onboard Training Students

6.1 Policy: OBT Supervisor shall establish proper arrangement of the Onboard Training, coordinate with Ship's Officer, and supervise the performance of the students undergoing Onboard Training.

6.2 Procedure:

6.2.1 OBT Supervisor issues CHED-MARINA Approved Training Record Book (TRB) for structured training and Daily Journal to student who enrolled for OBT;

6.2.2 OBT Supervisor conducts briefing to the students on how to use/make entries on the TRB,Daily Journal and sea projects;

6.2.3 OBT Supervisor updates students regarding schedule of his/her embarkation within five (5) months from the date of enrolment;

6.2.4 OBT Supervisor coordinates with the shipping company and/or manning agency on schedule, route and standard training equipment;

6.2.5 OBT Supervisor monitors monthly the progress of students while on onboard training by communicating, checking and providing guidance as to the accomplishment of TRB;

6.2.6 After completion of OBT, student reports to OBT Supervisor for Post-OBT Assessment.

Please refer to OBT Checklist and Forms.

7. Policy and Procedure on Monitoring, Reviewing and Recording OBT Student's Accomplished Tasks

7.1 Policy: OBT Supervisor shall establish a system for monitoring students undergoing OBT. Ensure that in case of any unusual events or incidents, the CHED Regional Office and the parents are promptly provided with information or reports on the status of the students and assistance rendered.The agreement between the MHEI and the shipping company should include the responsibility in reporting the status of students.

7.2 Procedure:

To monitor student's accomplished tasks, OBT Supervisor:

1. coordinates with the shipping company and/or manning agency on the schedule, route and standard training agreement;
2. communicates to students undergoing OBT;
3. checks regularly the performance of students undergoing OBT;
4. provides guidance in accomplishing the Training Record Book and Daily Journal for Watchkeeping Duties;
5. provides guidance and assistance as to onboard welfare, personal and professional concerns when necessary.

Please refer to OBT Checklist and Forms

7.3 Policy and Procedure for Monitoring Cadets Who Have Completed Onboard Training/Sea Time

FLOW CHART: REFER TO **OBT-CL-MFPOC-000**

7.3.1 Purpose

This policy aims to establish a structured approach to monitoring and assessing cadets who have completed their onboard training or sea time. The objective is to evaluate their practical experience, ensure alignment with academic and regulatory requirements, and prepare them for final certification, licensure, and professional maritime careers.

7.3.2 Scope

This policy applies to all maritime cadets who have successfully completed their onboard training as part of their curriculum. It covers debriefing, performance evaluation, competency assessments, documentation verification, career readiness, and post-sea academic requirements.

7.3.3 Responsible

A. Onboard Training Supervisor

1. Conduct debriefing sessions

2. Review onboard training records

3. Verify documentation compliance for licensure

4. Provide guidance on regulatory compliance

5. Provide career guidance and networking support

6. Prepare evaluation reports and maintain records

7. Implement continuous improvement measures

8. Conduct home visitation monitoring for those cadets who will not pursue the BS process after completing the OBT.

9. OBT Supervisor shall secure an Affidavit of undertaking for students who opted to waive the BS Process for personal reasons such as health conditions, financial resources, and other personal reasons.

b. OBT Assessor

Conduct competency assessments (written/oral/practical exams)

Assess professional conduct and behavior

c. OBT Staff

Assist OBT Supervisor in preparing evaluation reports and maintaining records

Assist OBT Supervisor in collecting and verifying shipboard performance reports

Assist Review onboard training records and logbooks

Verify documentation compliance for licensure

Provide guidance on regulatory compliance

Accountable

OBT Supervisor

OBT Staff

MHEI's

Consulted

MHEI

OBT Supervisor

Dean

Program Heads

Shipping Company

Informed

Maritime Cadets

Procedure:

Debriefing

Step 1: Schedule structured debriefing sessions with cadets upon completion of their onboard training.

Step 2: Provide professional guidance, mentorship, and industry insights through faculty and experienced mariners.

Step 3: Encourage self-reflection on safety, teamwork, cultural adaptation, and leadership development.

Performance Review and Competency Assessment

Step 1: Collect shipboard training records, logbooks, and supervisor evaluation reports.

Step 2: Review performance records to ensure that cadets have met the minimum required competencies.

Step 3: Schedule and conduct written, oral and practical assessments to verify technical proficiency and problem-solving skills.

Step 4: Identify any skill gaps and recommend additional training/remediation if necessary.

Documentation and Compliance Verification

Step 1: Verify that cadets have completed all required training records, sea service certificates, and appraisal forms.

Step 2: Cross-check documentation against regulatory requirements for licensure and certification.

Step 3: Assist cadets in preparing and organizing their sea time records for submission to maritime authorities and employers.

Step 4: Ensure compliance with flag state regulations, company policies, and STCW guidelines.

Step 5: Provide a checklist for cadets to track their documentation and avoid compliance issues.

Reporting and Documentation

Step 1: Prepare a comprehensive evaluation report for each cadet, detailing their performance, competencies, and recommendations.

Step 2: Maintain records in the OBT Office for tracking compliance and future reference.

Step 3: Identify cadets requiring remedial training or competency improvement programs.

Step 4: Ensure proper documentation is submitted to the relevant maritime authorities.

Continuous Improvement

Step 1: Regularly review and update the post-sea monitoring framework to align with regulatory changes and industry developments.
Step 2: Gather feedback from cadets, instructors, and shipboard supervisors for process enhancements.

Compliance and Enforcement

Step 1: Communicate post-sea monitoring requirements clearly to all cadets.
Step 2: Identify cadets who fail to complete post-sea monitoring and provide necessary interventions.
Step 3: Implement remedial training for non-compliant cadets.
Step 4: Ensure that only fully compliant cadets receive certification endorsements for deliberations.

Post-Onboard Monitoring Process:

REFER TO: OBT-CL-MFPOC-000

1. **Reporting to the OBT Office:**
   - Cadets are required to report to the OBT office within 30 day after Disembarkation for evaluation of their documents.
2. **Documentary Evidence Evaluation:**
   - The OBT office evaluates the cadets' documents for compliance with mandatory requirements.
   - Specifically the following:
     OBT-CL-PORTFOLIO ARRANGEMENT
     OBT-CL-VERIFICATION OF AUTHENTICITY OF TRB AND DAILY JOURNAL.
     OBT-CL-VALIDATION OF SEA GOING SERVICE 12 OR 36 MONTHS.
3. Conduct Assessment and Validation to the duly validated cadets.
4. **Compliance:**
   - If the cadets are compliant, they will undergo validation and assessment.
   - Endorsement for Deliberation.
5. **Non-Compliance:**
   - If the cadets fail to comply with the requirements, the OBT office will:
     - Identify the lacking documents.
     - Coordinate with the students regarding with the progress of their lacking documents.
   - If compliance is achieved after coordinating and follow up to Post Onboard cadets , the OBT office will endorse the cadets for assessment and validation.

6. Post Onboard cadets who fail to report to OBT Office.
    - **Monitoring**
    - Contact cadets and parents thru messenger, phone call, email, sms. If no feedback.

7. **No feedback from Post OBT cadet.**
    - If no Feedback, the OBT office will conduct house-to-house Visitation.
    - **House-to-House Monitoring Details:**
        - **What:** house-to-house Visitation.
        - **When:** 2 months after disembarkation.
        - **Who:** Disembarked cadets.
        - **Why:** To ensure disembarked cadets report for the completion of their BS degree requirements.
        - **Responsible Person:** OBT Supervisor.
        - **Documentary Evidences:** Logbook, Home Visitation form, Visitation Plan.

Cadet's Decision:

- **BS Process Decision:**
- **If the Post OBT cadet decides to process for BS application, same procedure is given.**
    -
- **Not to process BS Decision:**
    - If the Post OBT cadet opted to not to process for BS due to some reasons, he/she should file a notarized “Affidavit of Undertaking”.
    - Cadets may continue the BS Process after resolving the stated reason from the Affidavit of Undertaking.

8. Policy and Procedure on Submission of Notarized "Certificate of Validation, Assessment and Approval" to MARINA WEBSITE/ Office.

8.1 Policy: The Notarized "Certification of Validation, Assessment and Approval" of the students shall be issued by the OBT Office which shall be submitted to the MARINA as basis for the issuance of SO for graduation.

8.2 Procedure:

8.2.1 After successfully passing all the assessments (i.e. Written or computerized examination, Panel interview/oral assessment, practical assessment), OBT Supervisor collates all the documentary requirements and results of assessments.

8.2.2 The OBT Supervisor issues **Certificate of Validation, Assessment and Approval duly approved by the Dean.**

8.2.3 The OBTS facilitates the notarization of the Certificate of Validation, Assessment and Approval.

8.2.4 The OBTS Endorse Tentative List of graduating students to the Registrar.

8.2.5 The Registrar will implement the process of approval of Candidates for Graduation.

8.2.6 The Registrar or his/her designee submits a copy of the Certificate of Validation, Assessment, and Approval to the MARINA WEBSITES/ Office. This will be used as the basis for the issuance of S.O. for graduation.

2. The student is free to make all notes of his watchkeeping duties using the English Language.
3. The student must attach evidence of having performed the bridge watchkeeping activities listed above.
4. The attached List of Bridge Watchkeeping Duties are taken from the STCW Code and can be used as reference by the student in accomplishing this DJDWD form.

LIST OF BRIDGE WATCHKEEPING DUTIES

(Reference: Chapter VIII, STCW Code)

Deck watchkeeping tasks	Details
a. Lookout a proper lookout is maintained at all times in compliance with rule 5 of the COLREGS	i maintaining a continuous state of vigilance by sight and hearing, as well as by all other available means, with regard to any significant change in the operating environment. ii appraising the situation and the risk of collision, stranding and other dangers to navigation. iii detecting ships or aircraft in distress, shipwrecked persons, wrecks, debris and other hazards to safe navigation.
b. Sole lookout in daylight	i the situation has been carefully assessed and it has been established without doubt that it is safe to do so. ii full account has been taken of all relevant factors, including, but not limited to: - state of weather; - visibility; - traffic density; - proximity of dangers to navigation; and - the attention necessary when navigating in or near traffic separation schemes; and iii assistance is immediately available to be summoned to the bridge when any change in the situation so requires
c. Taking over the watch	i standing orders and other special instructions of the master relating to navigation of the ship; ii position, course, speed and draught of the ship; iii prevailing and predicted tides, currents, weather, visibility and the effect of these factors upon course and speed iv procedures for the use of main engines to manoeuvre when the main engines are on bridge control; and navigational situation, including, but not limited to: - the operational condition of all navigational and safety equipment being used or likely to be used during the watch; the errors of gyro- and magnetic compasses; - the presence and movement of ships in sight or known to be in the vicinity; the conditions and hazards likely to be encountered during the watch; and the possible effects of heel, trim, water density and squat on under-keel clearance.

d. Performing navigational watch	i The officer in charge of the navigational watch shall: .1 keep the watch on the bridge; .2 in no circumstances leave the bridge until properly relieved; and .3 continue to be responsible for the safe navigation of the ship, despite the presence of the master on the bridge, until informed specifically that the master has assumed that responsibility and this is mutually understood. ii course steered, position and speed are checked at sufficiently frequent intervals, using any available navigational aids necessary, to ensure that the ship follows the planned course. iii full knowledge of the location and operation of all safety and navigational equipment on board the ship and shall be aware and take account of the operating limitations of such equipment iv use radar in accordance with the International Regulations for Preventing Collisions at Sea, 1972, as amended. v use the helm, engines and sound signaling apparatus vi know the handling characteristics of their ship, including its stopping distances, and should appreciate that other ships may have different handling characteristics. vii keep proper record of the movements and activities relating to the navigation of the ship viii perform navigational duties ix carry out and record operational tests of shipboard navigational equipment (prior to port arrival and departure and as circumstances permit) x make regular checks of the following: - if steering the correct course; - the standard compass error is determined at least once a watch and, when possible, after any major alteration of course; the standard and gyrocompasses are frequently compared and repeaters are synchronized withtheir master compass; - automatic pilot is tested manually at least once a watch; - navigation and signai lights and other navigational equipment are functioning properly; - the radio equipment is functioning properly; - UMS controls, alarms and indicators are functioning properly. xi make regular checks of the following: - if steering the correct course; - the standard compass error is determined at least once a watch and, when possible, after any major alteration of course; the standard and gyrocompasses are frequently compared and repeaters are synchronized withtheir master compass; - automatic pilot is tested manually at least once a watch; - navigation and signai lights and other navigational equipment are functioning properly; - the radio equipment is functioning properly; - UMS controls, alarms and indicators are functioning properly.

d. Performing navigational watch (cont..)	xii make regular checks of the following: - if steering the correct course; - the standard compass error is determined at least once a watch and, when possible, after any major alteration of course; the standard and gyrocompasses are frequently compared and repeaters are synchronized withtheir master compass; - automatic pilot is tested manually at least once a watch; - navigation and signai lights and other navigational equipment are functioning properly; - the radio equipment is functioning properly; - UMS controls, alarms and indicators are functioning properly. xiii comply at ali times with the requirements in force of the International Convention for the Safety of Life at Sea (SOLAS), 1974: - steer the ship and to put the steering into manual control in good time to allow any potentially hazardous situation to be dealt with in a safe manner xiv familiar with the use of all electronic navigational aids carried, including their capabilities and limitations, and shall use each of these aids when appropriate and shall bear in mind that the echo-sounder is a valuable navigational aid. xv use the radar whenever restricted visibility is encountered or expected, and at all times in congested waters, having due regard to its limitations. xvi the range scales employed are changed at sufficiently frequent intervals so that echoes are detected as early as possible. It shall be borne in mind that small or poor echoes may escape detection xvii Whenever radar is in use, select an appropriate range scale and observe the display carefully, and shall ensure that plotting or systematic analysis is commenced in ample time. xviii notify the master immediately: - if restricted visibility is encountered or expected; - if the traffic conditions or the movements of other ships are causing concern; - if difficulty is experienced in maintaining course; - on failure to sight land, or a navigation mark or to obtain soundings by the expected time; - if, unexpectedly, land or a navigation mark is sighted or a change in soundings occurs; - on breakdown of the engines, propulsion machinery remote control, steering gear or any essential navigational equipment, alarm or indicator; - if the radio equipment malfunctions; - in heavy weather, if in any doubt about the possibility of weather damage; - if the ship meets any hazard to navigation, such as ice or a derelict; and - in any other emergency or if in any doubt

e. Watchkeeping under different conditions and in different areas	
Clear weather	- take frequent and accurate compass bearings of approaching ships as a means of early detection of risk of collision - take early and positive action in compliance with the applicable International Regulations for Preventing Collisions at Sea, 1972, as amended, and subsequently check that such action is having the desired effect. carry out radar practice
Restricted visibility	- Collisions at Sea, 1972, as amended, with particular regard to the sounding of fog signals, proceeding at a safe speed and having the engines ready for immediate manoeuvre - inform the master; - post a proper lookout; - exhibit navigation lights; - operate and use the radar
In hours of darkness	- due regard to the bridge equipment and navigational aids available for use, their limitations, procedures, and safeguards implemented
Coastal and congested waters	- Fixes shall be taken at frequent intervals and shall be carried out by more than one method whenever circumstances allow. When using ECDIS, appropriate usage code (scale) electronic navigational charts shall be used and the ship's position shall be checked by an independent means of position fixing at appropriate intervals - positively identify all relevant navigation marks

(Revised Guidelines on the Implementation of the Approved OBT Programme for BSMarE Students)

_____ Full Name & Signature of Student	_____ Full Name & Signature of Supervising Officer (Chief Engineer or Qualified Engineer)

Instructions:

1. All entries must be handwritten.
2. The student is free to make all notes of his watchkeeping duties using the English Language
3. The student must attach evidence of having performed the engine-room watchkeeping activities listed above.
4. The attached List of Engine-Room Watchkeeping Duties are taken from the STCW Code and can be used as reference by the student in accomplishing this DJEWD form.

LIST OF ENGINE-ROOM WATCHKEEPING DUTIES
(Reference: Chapter VIII, STCW Code)

Engine-room watchkeeping duties	Details
a. Taking over the watch	i standing orders and special instructions of the chief engineer officer relating to the operation of the ship t s systems and machinery ii nature of all work being performed on machinery and systems, the personnel involved and potential hazards iii the level and the condition of water or residues in bilges, ballast tanks, stop tanks, reserve tanks, freshwater tanks, sewage tanks and any special requirements for use or disposal of the contents iv the condition and level of fuel in the reserve tanks, settling tank, day tank and other fuel storage facilities v any special requirements relating to sanitary system disposals vi condition and mode of operation of the various main and auxiliary systems, including the electrical power distribution system vii the condition of monitoring and control console equipment, and which equipment is being operated manually viii the condition and mode of operation of automatic boiler controls such as flame safeguard control systems, water level control systems, combustion control systems, fuel-supply control systems and other equipment related to the operation of steam boilers ix potential adverse conditions resulting from bad weather, ice, contaminated or shallow water x special modes of operation dictated by equipment failure or adverse ship conditions xi the reports of engine-room ratings relating to their assigned duties xii availability of fire-fighting appliances xiii state of completion of the engine logbook
b. Performing the engineering watch	i maintaining watchkeeping arrangements and assisting in the safe and efficient operation of the propulsion machinery and auxiliary equipment ii continue being responsible for machinery-space operations despite the presence of the chief engineer officer in the machinery spaces, until specifically informed that the chief engineer officer has assumed that responsibility and this is mutually understood iii familiarity with assigned watchkeeping duties: - use of appropriate internal communication systems - escape routes from machinery spaces - engine-room alarm systems and be able to distinguish between the various alarms with special reference to the fire extinguishing media alarm, and - the number, location and types of fire-fighting equipment and damage control gear in the machinery spaces, together with their use and the various safety precautions to be observed iv prompt execution of bridge orders v Informing potentially hazardous conditions which may adversely affect the machinery or jeopardize the safety of life or of the ship vi ensure that the machinery space watch is supervised and shall arrange for substitute personnel in the event of the incapacity of any engineering watch personnel vii take the action necessary to contain the effects of damage resulting from equipment breakdown, fire, flooding, rupture, collision, stranding, or other cause. viii before going off duty, ensure that all events related to the main and auxiliary machinery which have occurred during the engineering watch are suitably recorded ix co-operate with any engineer in charge of maintenance work during all preventive maintenance, damage control or repairs - isolating and bypassing machinery to be worked on - adjusting the remaining plant to function adequately and safely during the maintenance period

	x. - recording, in the engine logbook or other suitable document, the equipment worked on and the personnel involved, and which safety steps have been taken and by whom, for the benefit of relieving officers and for record purposes, and - testing and putting into service, when necessary, the repaired machinery or equipment take immediate action for the safety of the ship, its machinery and complement where circumstances require
b. Performing the engineering watch (cont..)	giving the watchkeeping personnel all appropriate instructions and information which will ensure the keeping of a safe engineering watch. Routine machinery upkeep, performed as incidental tasks as a part of keeping a safe watch, shall be set up as an integral part of the watch routine. Detailed repair maintenance involving repairs to electrical, mechanical, hydraulic, pneumatic or applicable electronic equipment throughout the ship shall be performed with the cognizance of the marine engineer in charge of the engineering watch and chief engineer officer. These repairs shall be recorded.
c. Engineering watchkeeping under different conditions and in different areas	
Restricted Visibility	i ensure that permanent air or steam pressure is available for sound signals and that at all times bridge orders relating to changes in speed or direction of operation are immediately implemented and, in addition, that auxiliary machinery used for manoeuvring is readily available.
Coastal and congested waters	ii ensure that all machinery involved with the manoeuvring of the ship can immediately be placed in the manual mode of operation when notified that the ship is in congested waters. The marine engineer in charge of the engineering watch shall also ensure that an adequate reserve of power is available for steering and other manoeuvring requirements. Emergency steering and other auxiliary equipment shall be ready for immediate operation.
Ship at anchor	iii consulting the master whether or not to maintain the same engineering watch as when underway iv When a ship is at anchor in an open roadstead or any other virtually "at sea" condition, the marine engineer in charge of the engineering watch shall ensure that: - efficient engineering watch is kept - periodic inspection is made of all operating and stand-by machinery main and auxiliary machinery is maintained in a state of readiness in accordance with orders from the bridge - measures are taken to protect the environment from pollution by the ship, and that applicable pollution prevention regulations are complied with, and - all damage control and fire-fighting systems are in readiness.

Gross Registered Tonnage (GRT) _____ Main Propulsion Power (kW) _____
herein referred to as the Ship-owner/Shipping Company

WITNESSETH

1. That the Cadet shall be embarked for Training on board under the following terms and conditions:
   - 1.1. Duration of Onboard Training : _____
   - 1.2. Rank : _____
   - 1.3. Hours of Onboard Training per day : _____
   - 1.4. Route : _____
   - 1.5. Date and Place of Embarkation : _____

ANNEX F5a – Standard Onboard Training Agreement for Domestic Trade

2. The herein terms and conditions as prescribed in JCMMC No. 01 series 2022 and MARINA Memorandum Circular No. 2021-01, shall form part of this Agreement and be strictly and faithfully observed.
3. Any alterations or changes, in any part of this Agreement shall be evaluated, verified, processed and approved by the Commission on Higher Education and Maritime Industry Authority. Upon approval, the same shall be deemed an integral part of this approved Standard Onboard Training Agreement for Domestic Trade.
4. Violations of the Terms and conditions of this Agreement with its approved Annex shall be ground for disciplinary action against the erring party.
5. Training credits earned and documented in the Training Record Book and Daily Journal of Watchkeeping Duties shall be accepted by the school as part of the fulfillment of the shipboard training requirements for the grant of a Bachelor of Science Degree in the program in which the Cadet is enrolled.

ANNEX F5a – Standard Onboard Training Agreement for Domestic Trade

STANDARD ONBOARD TRAINING AGREEMENT FOR DOMESTIC TRADE

SECTION 1. DEFINITION OF TERMS:

For the purposes of this training agreement, the following terms are defined as follows:

1. Approved Training Record Book – refers to an updated version of the international Shipping Federation (ISF) or Global MET Training Record Book (TRB) or MARINA-approved TRB in accordance with the requirements of the STCW Convention, 1978, as amended.
2. Beneficiary (ies) – refer(s) to the person(s) to whom the death compensation and other benefits due under the engagement agreement are payable in accordance with the rules of succession under the Civil Code of the Philippines, as amended.
3. Cadet – refers to a student of MHEI who is required to undergo training on-board ships engaged in international or domestic trade to complete the educational requirements for a maritime education program
4. CHED – refers to the Commission on Higher Education
5. MARINA – refers to the Maritime Industry Authority
6. Compassionate Ground – refers to the incidence of death of an immediate member of the cadet's family which includes his/her parents, spouse and children if the cadet is married or his/her parents if the cadet is single.
7. Convenient Port – refers to any port where it is practicable, economical, safe and convenient to repatriate the cadet.
8. Departure – refers to the actual departure from the point of engagement of the cadet through air, sea, or land transport to join his/her ship.
9. Manning Agency – refers to any person, partnership or corporation duly licensed by the Secretary of Labor and Employment to engage in the recruitment of seafarers including the engagement of cadets on behalf of ship owners, and the placement of such cadets, to train on ships plying international waters and for related maritime activities.
10. Onboard Training Program – refers to CHED-MARINA approved training program for maritime students.
11. Philippine Port – refers to any Philippine airport or seaport.
12. Maritime Higher Education Institution (MHEO) – refers to a higher education institution granted authority to operate BSMT and/or BSMarE program by the CHED.
13. Shipwreck – refers to the damage or destruction of a ship at a sea caused by collision, storm, grounding or any other marine peril at sea or in port rendering the ship absolutely unable to pursue her voyage.
14. Ship-owner/Shipping Company - refers to the owner of the ship or any other organization or person, such as the manager, agent or bareboat charterer, who has assumed the responsibility for operation of the ship from the owner and who, on assuming such responsibility has agreed to take over all the duties and responsibilities imposed on ship-owners.
15. Training Hours – refers to the time the cadet shall undergo training for at least four (4) hours a day to acquire the competency prescribed by the Training Record Book and/or authorized/allowed by the Master.
16. Training-Related illness – refers to any sickness arising from the engagement in the course of the cadet's training activities.

17. Training-Related Injury – refers to any injury arising out and in the course of the cadet's training activities.

SECTION 2. RESPONSIBILITIES OF THE SHIPOWNERS/SHIPPING COMPANY

1. Incorporate all activities and programs relative to the onboard training in their respective Quality Standards System (QSS) and/or Safety Management System (SMS) Manual.
2. Submit to MARINA a list of their ships of 500GT or more and/or powered by main propulsion machinery of 750 kW or more including the number of cadets each can accommodate taking into consideration the criteria enumerated in Item V.1 of MC 2021-01 using the attached template in Annex A.
3. Ensure that the cadet has enrolled for OBT in a duly recognized MHEI and has valid OBT agreement executed between tem (Ship-owner-MHEI-Cadet).
4. Provides shipboard training berth and facilitate the issuance of a Certification (Annex H-6 of the Revised Onboard Training Guidelines of JCMMC No. 01 series 2022) to students upon completion of the OBT indicating, among others, the actual duration of onboard training;
5. Ensure that the Master of the ship shall be responsible for the following
    1. Designate the Shipboard Training Officer;
    2. Evaluate students' performance onboard before affixing signature in the TRB and the DJWD; and
    3. Issue the Certificate of Sea Service (annex H-7 of the Revised Onboard Training Guidelines of JCMMC No. 01, series 2022) indicating, among others, the actual duration of training onboard.

SECTION 3. RESPONSIBILITIES OF THE CADET

The Cadet acknowledges that he/she is given the opportunity to train on board the ship and is not part of the ship's maritime labor complement and that he/she shall have the following responsibilities:

1. Diligently perform his/her training duties in accordance with the OBT program/OTG;
2. Keep the TRB and DJBWD or DJEWD properly filled-up, prepare and gather all required projects and objective evidences of performance of onboard tasks, and complete the OBT within the period stipulated;
3. Performs other designated tasks and assignments, and comply with all the company policies and procedures including all policies on the safety and security of the ship and the protection of the marine environment'
4. Abide all lawful instructions of the Master of the ship and other officers designated to supervise & monitor the conduct of OBT; and
5. Conduct himself/herself in an orderly and respectful manner towards shipmates, passengers, shippers, stevedores, port authorities, and other persons on official business with the ship.

SECTION 4. COMMENCEMENT/DURATION OF TRAINING PROGRAM

1. The Training of the Cadet shall commence on the date of embarkation of the Cadet from any Philippine port.
2. Such training shall be covered by the approved Shipboard Training Agreement for Domestic Trade.
3. The Training shall be effective until the end of the indicated training duration.
4. The period covering the training program shall be for a period mutually agreed upon between the Ship-owner/Shipping Company and the Cadet provided such period shall not exceed twelve (12) months.

SECTION 5. GROOMING, HYGIENE AND VACCINATION

1. The Cadet shall wear the prescribed uniform and shall be responsible for the maintenance of his/her uniform items and ensure its proper upkeep and cleanliness.
2. The Cadet shall keep his/her quarters and others living spaces, such as mess rooms, toilets, bathrooms, alleyways and recreation rooms, in clean and tidy condition to the satisfaction of the Master. Such chores shall be performed regularly after training hours.
3. The Cadet shall submit to the order of the Master or to the domestic laws to have such vaccination or inoculation or to undertake measures to safeguard his/her health and the entire crew complement.
4. The Company shall ensure that the Cadet shall be informed of the cause, prevention and consequences of HIV/AIDS.

SECTION 6. HOURS OF TRAINING

The following rules on training hours shall apply to the Cadet whether at sea or in port and shall be reflected in the Training Record Book:

1. Training hours shall not exceed eight (8) hours per day, with a one (1) hour meal break in between or forty (40) hours of training per week. The eight (8) hours can be done on a staggered basis.
2. A fifteen (15) minute rest period following each two (2) hours of continuous training hours shall be allowed.
3. Extended training hours of not more than four (4) hours shall be rendered by the Cadet for his/her self-study.
4. In unavoidable cases involving safety reasons, the Cadet may be required to undertake extended training hours not exceeding six (6) hours.

The foregoing provision on training hours shall not apply when an emergency requires the Cadet to perform tasks outside of the stipulated training hours, under the direction of the Master for the immediate safety of the ship, persons on board, cargo on board, or for rendering assistance to another ship or other ships or person/sin distress at sea, or to conduct fire, boat or emergency drill.

SECTION 7. SCHOOL HOLIDAYS

Except as may be otherwise directed by the Master or his deputy, no training shall be undertaken during any of the following school holidays whether the ship is at sea or in port.

New Year's Day	-	January 1
Maundy Thursday	-	movable date
Good Friday	-	movable date
Araw ng Kagitingan	-	April 9
Labor Day	-	May 1
Independence Day	-	June 12
National Heroes Day	-	Last Sunday of August
All Saints Day	-	November 1
Bonifacio Day	-	November 30
Christmas Day	-	December 25
Rizal Day	-	December 30

SECTION 8. SHORE LEAVE

The Cadet shall be allowed shore leave when practicable, with the consent of the Master or his deputy, taking into consideration the operations and safety of the ship and prevailing conditions in the port. Shore leave shall not be considered as part of the training period.

SECTION 9. SUBSISTENCE, SHIPS STORE, AND PROVISIONS

1. The Cadet shall be provided by the Shipowner/Shipping Company with subsistence consistent with good maritime standards and practices while on board the ship.
2. All stores and provisions issued to the Cadet are only for use and consumption on board the ship. Any unused or unconsumed stores or provisions shall remain the property of the Shipowner/Shipping Company. The Cadet shall not take ashore, sell, destroy, or give away such stores and provisions.

SECTION 10. TRANSFER CLAUSE

The Cadet agrees to be transferred at any port, to any ship owned or operated, manned or managed by the same Shipowner/Shipping Company, provided that the total period of training shall not exceed the period originally agreed upon between the Shipowner/Shipping Company and the Cadet. Any form of transfer shall be documented and made available to the Cadet when necessary.

SECTION 11. RIGHT TO DISCIPLINE

The Shipowner/Shipping Company shall have the right to discipline or disembark the Cadet and expel him from the Onboard Training Program for any violation of law, or of the vessel's rules and regulations, or for any conduct unbecoming of a maritime professional, or for any act which is inimical or detrimental to the Company's welfare and reputation, or the vessel's safety and security, or the safety and security of any person or cargo on board.

SECTION 12. DISQUALIFICATION FROM THE ONBOARD TRAINING PROGRAM

The Cadet acknowledges that the Sgipowner/Shipping Company has the unqualified right to discontinue the Onboard Training Program, disembark the cadet and return him to the point of departure at any time due to the Cadet's failure to meet any of the requirements of the Onboard Training Program including, but not limited to the following grounds:

1. Failure to perform duties assigned, or meet designated tasks, or comply with requirement regulations, policies, procedures, or conditions, or pass necessary assessment criteria defined in the Training Record Book;
2. Medical reasons arising from a previously undisclosed illness, or mental or emotional incapacity, and the Cadet is declared unfit for sea duty and the unfitness cannot be remedied;
3. Any action on board that jeopardizes the safety or security of the ship, its crew, passengers or any person on business with the ship;
4. Any action taken that pollutes or otherwise causes harm to the marine environment;
5. Such other justifiable circumstances that will warrant expulsion or disqualification from the program.

SECTION 13. TERMINATION OF THE ONBOARD TRAINING AGREEMENT

1. The Training of the Cadet shall terminate when he/she completes the period of training on board the ship, disembarks from the ship and arrives at the point of departure.
2. The Shipowner/Ship Company may, after observing due process and giving prior notice to the concerned MHEI and MRO, terminate the engagement of a cadet in the OBT program for any of the following reasons:
   2.1. Repeated failure of a cadet to perform duties assigned, or meet designated tasks, or comply with requirements, regulations, policies, procedures, or conditions, or pass necessary assessment criteria defined in the OTG and TRB.
   2.2. Any action of cadet on board that jeopardizes the safety or security of the ship, its crew, passengers or any person on business with the ship.
   2.3. Any action taken by cadet that pollutes or otherwise causes harm to the marine environment.
3. When the cadet is unable to carry out his/her duties under the OTG or TRB for serious medical reasons occurring during the period of OBT, or is incapacitated due to illness, injury or medical condition, the shipping company may temporarily suspend the training of the cadet. However, upon full recovery and submission of a medical fitness certificate, the shipping company shall allow the cadet to complete the training onboard the ship.

SECTION 14. INSURANCE

The expenses to be incurred by the cadet for food, personal protective equipment (PPE), miscellaneous costs as well as the life and accident insurance of either group or individual coverage of at least P250,000.00 for each cadet while undergoing OBT on ship engaged in domestic shipping shall be covered by the tuition fee for OBT. These arrangements shall be included in the OBT Agreement between the MHEI, Cadet and Shipping Company before the commencement of the onboard training.

SECTION 15. LOSS OR DAMAGE OF THE CADET'S DOCUMENT BY MARINE PERIL

1. The Cadet shall be reimbursed by the Shipower/Shipping Company the full amount of loss or damage to his/her personal effects but in no case shall the amount exceed P100,000.00 if his/her personal effects are lost or damaged as a result of ship wreck, or loss, or stranding, or abandonment of the ship as a result of fire, flooding, collision or piracy.
2. In case of partial loss, the amount shall be determined by mutual agreement of both parties but in no case to exceed P100,000.00.
3. Reimbursement for loss or damage is due to (a) the cadet's own fault; (b) larceny or theft or (c) robbery.

In case of the loss of training documents of the Cadet due to marine peril, the company shall issue the appropriate certificate of loss and for the specific module/training he/she completed.

SECTION 16. APPLICABLE LAW AND DISPUTE SETTLEMENT

1. This Agreement shall be construed in accordance with the laws of the Philippines.
2. Any dispute arising from the implementation of this training agreement shall be resolved amicably through conciliation and medication.
3. Any unresolved issue/s regarding the CHED-MARINA required shipboard training program shall be elevated for arbitration in accordance with CHED-MARINA guidelines.
4. In case of failure of any conciliation, mediation or arbitration proceedings regarding any matter arising from this Agreement, the matter shall be brought before the course of appropriate jurisdiction.

This agreement is pursuant to JCMMC No. 01, series 2022 and MC 2022-01

ANNEX F5b – Standard Cadet Training Agreement
on Ships Engaged in International Voyage

STANDARD CADET TRAINING AGREEMENT ON SHIPS ENGAGED IN INTERNATIONAL VOYAGE

SECTION 1. DEFINITION OF TERMS:

For the purposes of this training agreement, the following terms are defined as follows:

1. Allottee – refers to any person named or designated by the cadet as the recipient of his/her remittance to the Philippines.
2. Beneficiary – refer(s) to the person(s) to whom the death compensation and other benefits due under the engagement agreement are payable in accordance with the rules of succession under the Civil Code of the Philippines, as amended.
3. Cadet – refers to a student of maritime education leading to a Bachelor's degree (BSMT or BSMarE) who is required to undergo training on-board to complete the academic requirements for a maritime degree or technical course.
4. CHED – refers to the Commission on Higher Education
5. Compassionate Ground – refers to the incidence of death of an immediate member of the cadet's family which includes his/her parents, spouse and children if the cadet is married or his/her parents if the cadet is single.
6. Convenient Port – refers to any port where it is practicable, economical, safe and convenient to repatriate the cadet.
7. Dental Treatment – covers tooth extraction, or dental surgery if necessary, due to accident.
8. Departure – refers to the actual departure from the point of engagement of the cadet through air, sea, or land transport to join his/her ship at a Philippine or foreign port.
9. Manning Agency – refers to any person, partnership or corporation duly licensed by the Secretary of Labor and Employment to engage in the recruitment of seafarers including the engagement of cadets on behalf of ship owners, and the placement of such cadets, to train on ships plying international waters and for related maritime activities.
10. Onboard Training Program – refers to CHED-MARINA approved training program for maritime students.
11. Philippine Port – refers to any Philippine airport or seaport.
12. POEA – refers to the Philippine Overseas Employment Administration.
13. Point of Departure – refers to the place of hiring written on the POEA Standard Engagement Agreement which shall be the basis for determining commencement and termination of the contract.
14. School – refers to the maritime education institution which the Cadet is enrolled for his Bachelor's degree.
15. Shipwreck - refers to the damage or destruction of a ship at a sea caused by collision, storm, grounding or any other marine peril at sea or in port rendering the ship absolutely unable to pursue her voyage.
16. Sponsoring Company – may be used interchangeable and refers to any person, partnership or corporation who owns the ship or any other entity or organization who has assumed the responsibility for the operation of the ship from the owner, including any manager, agent, or bareboat charterer, and who, on assuming such responsibility, has agreed to take over the responsibilities imposed on ship owners for the hiring or engaging of Filipino cadets to train, onboard such ship and to fulfill the duties and responsibilities on behalf of such ship owner.

17. Training Hours – refers to the time the cadet shall undergo training to acquire the competency prescribed by the Training Record Book and/or authorized/allowed by the Master.
18. Training-Related illness – refers to any sickness arising from the engagement in the course of the cadet's training activities in accordance with Section 23 hereof.
19. Training-Related Injury – refers to any injury arising out and in the course of the cadet's training activities in accordance with Section 23 hereof.

SECTION 2. RESPONSIBILITIES OF THE SPONSORING COMPANY

1. The Sponsoring Company recognizes that the Cadet is a student of maritime education seeking to complete a Bachelor's degree who must undertake the CHED – required shipboard training program in order to complete the academic requirements and qualify him for graduation for a Bachelor's degree from the School. The Sponsoring Company also recognizes and declares that the Cadet is not part of the ship's labor complement.
2. The Sponsoring Company shall provide the Cadet with the opportunity to be trained on-board ship.
3. The Sponsoring Company shall ensure that the Cadet completes and passes the CHED-required training program under the supervision and guidance of the Master, Chief Engineer and/or designated training officer onboard in accordance with the structure cadet training program as contained in the CHED-approved Training Record Book.
4. The Sponsoring Company shall ensure the safety and well-being of the Cadet during the period of training until the repatriation of the Cadet in accordance with the POEA Cadet Training Agreement and this Annex.

SECTION 3. RESPONSIBILITIES OF THE CADET

The Cadet acknowledges that he/she is given the opportunity to train on board the ship and is not part of the ship's maritime labor complement and that he/she shall have the following responsibilities:

1. Faithfully comply with the requirements of the On-Board Cadet Training Program, which shall be documented in the CHED-approved Training Record Book;
2. Perform all duties, assignments, designated tasks, and comply with the requirements, regulations, policies, and procedures of the ship in relation to and as defined in the CHED-approved Training Record Book;
3. Complete and pass the Onboard Training Program within the period stipulated;
4. Abide by all lawful instructions of the Master of the ship and other officers deputized by the Master to supervise the conduct of the Training Program;
5. Comply with all Company policies, including all policies on the safety and security of the ship and the protection of the marine environment;
6. Diligently perform his/her training duties relating to the ship, all persons on board the ship, the ship's stores and cargo, whether on board, in lighters or ashore;
7. Conduct himself/herself in an orderly and respectful manner towards shipmates, passengers, shippers, stevedores, port authorities, and other persons on official business with the ship;

8. Observe and abide with all the laws and regulations of the flag State, the port State and the coastal State while on board the ship or ashore.
9. Strictly abide by the terms and conditions of any sponsorship agreement.

SECTION 4. COMMENCEMENT/DURATION OF TRAINING PROGRAM

1. The Training if the Cadet shall commence on the date of departure of the Cadet from the Philippines airport or seaport at the point of departure.
2. Such training shall be covered by the approved POEA Cadet Training Agreement.
3. The Training shall be effective until the cadet's date of arrival at the point of departure.
4. The period covering the training program shall be for a period mutually agreed upon between the Sponsoring Company and the Cadet provided such period shall not exceed twelve (12) months except if at the time of the completion of training period the ship/vessel is not in a convenient port in which case the Cadet shall be repatriated at the next convenient port.

SECTION 5. FREE TRANSPORTATION FROM THE POINT OF DEPARTURE AND RETURN TO THE POINT OF DEPARTURE

The Sponsoring Company shall provide the Cadet free transportation from the point of departure to his/her assigned ship and his/her return transportation from his/her assigned ship to his/her original point of departure.

SECTION 6. BAGGAGE ALLOWANCE

The Cadet who travels by air to join a ship or on repatriation to his/her original point of departure shall be entitled to the normal free baggage allowance offered by the airlines. The cost of any excess baggage shall be for the account of the Cadet.

SECTION 7. GROOMING, HYGIENE AND VACCINATION

1. The Cadet shall wear the prescribed uniform and shall be responsible for the maintenance of his/her uniform items and ensure its proper upkeep and cleanliness.
2. The Cadet shall keep his/her quarters and others living spaces, such as mess rooms, toilets, bathrooms, alleyways and recreation rooms, in clean and tidy condition to the satisfaction of the Master. Such chores shall be performed regularly after training hours.
3. The Cadet shall submit to the order of the Master or to the laws of any country within the territorial jurisdiction of which the ship may enter to have such vaccination or inoculation or to undertake measures to safeguard his/her health and the entire crew complement.
4. The Company shall ensure that the Cadet shall be informed of the cause, prevention and consequences of HIV/AIDS.

SECTION 8. MONTHLY STIPEND

The Cadet shall receive a monthly stipend in the amount stipulated in the POEA Cadet Training Agreement commencing on the date of the Cadet's departure from the point of departure up to the date of his/her arrival at the point of departure.

SECTION 9. PAYMENT OF STIPEND ON BOARD

A portion of the monthly stipend shall be paid on board, subject to the currency control regulations at the port abroad and to the official rate of exchange prevailing at the time of payment.

SECTION 10. REMITTANCE FACILITIES

The Sponsoring Company shall assist the Cadet, upon his/her request, to remit a portion of his/her stipend to his/her designated Allottee, in Philippine currency at the rate of exchange indicated in the credit advice of the local authorized Philippine Bank.

SECTION 11. HOURS OF TRAINING

The following rules on training hours shall apply to the Cadet whether at sea or in port and shall be reflected in the Training Record Book:

1. Training hours shall not exceed eight (8) hours per day, with a one (1) hour meal break in between or forty (40) hours of training per week. The eight (8) hours can be done on a staggered basis.
2. A fifteen (15) minute rest period following each two (2) hours of continuous training hours shall be allowed.
3. Extended training hours of not more than four (4) hours shall be rendered by the Cadet for his/her self-study.
4. In unavoidable cases involving safety reasons, the Cadet may be required to undertake extended training hours not exceeding six (6) hours.

The foregoing provision on training hours shall not apply when an emergency requires the Cadet to perform tasks outside of the stipulated training hours, under the direction of the Master for the immediate safety of the ship, persons on board, cargo on board, or for rendering assistance to another ship or other ships or person/sin distress at sea, or to conduct fire, boat or emergency drill.

SECTION 12. SCHOOL HOLIDAYS

Except as may be otherwise directed by the Master or his deputy, no training shall be undertaken during any of the following school holidays whether the ship is at sea or in port.

New Year's Day	-	January 1
Maundy Thursday	-	movable date
Good Friday	-	movable date
Araw ng Kagitingan	-	April 9
Labor Day	-	May 1
Independence Day	-	June 12
National Heroes Day	-	Last Sunday of August
All Saints Day	-	November 1
Bonifacio Day	-	November 30
Christmas Day	-	December 25
Rizal Day	-	December 30

SECTION 13. SHORE LEAVE

The Cadet shall be allowed shore leave when practicable, with the consent of the Master or his deputy, taking into consideration the operations and safety of the ship and prevailing conditions in the port. Shore leave shall not be considered as part of the training period.

SECTION 14. SUBSISTENCE, SHIPS STORE, AND PROVISIONS

1. The Cadet shall be provided by the Sponsoring Company with subsistence consistent with good maritime standards and practices while on board the ship.
2. All stores and provisions issued to the Cadet are only for use and consumption on board the ship. Any unused or unconsumed stores or provisions shall remain the property of the Shipowner/Shipping Company. The Cadet shall not take ashore, sell, destroy, or give away such stores and provisions.

SECTION 15. TRANSFER CLAUSE

The Cadet agrees to be transferred at any port, to any ship owned or operated, manned or managed by the same Sponsoring Company, provided that the total period of training shall not exceed the period originally agreed upon between the Sponsoring Company and the Cadet. Any form of transfer shall be documented and made available to the Cadet when necessary.

SECTION 16. RIGHT TO DISCIPLINE

The Sponsoring Company shall have the right to discipline or disembark the Cadet and expel him from the Cadet Training Program for any violation of law, or of the vessel's rules and regulations, or for any conduct unbecoming of a maritime professional, or for any act which is inimical or detrimental to the Company's welfare and reputation, or the vessel's safety and security, or the safety and security of any person or cargo on board.

SECTION 117. DISQUALIFICATION FROM THE ONBOARD TRAINING PROGRAM

The Cadet acknowledges that the Sponsoring Company has the unqualified right to discontinue the Cadet Training Program, disembark the cadet and return him to the point of departure at any time due to the Cadet's failure to meet any of the requirements of the Cadet Training Program including, but not limited to the following grounds:

1. Failure to perform duties assigned, or meet designated tasks, or comply with requirement regulations, policies, procedures, or conditions, or pass necessary assessment criteria defined in the Training Record Book;
2. Medical reasons arising from a previously undisclosed illness, or mental or emotional incapacity, and the Cadet is declared unfit for sea duty and the unfitness cannot be remedied;
3. Any action on board that jeopardizes the safety or security of the ship, its crew, passengers or any person on business with the ship;
4. Any action taken that pollutes or otherwise causes harm to the marine environment;

5. Such other justifiable circumstances that will warrant expulsion or disqualification from the program.

SECTION 18. TERMINATION OF THE CADET TRAINING AGREEMENT

1. Training of the Cadet shall terminate when he/she completes the period of training on board the ship, disembarks from the ship and arrives at the point of departure.
2. The Training of the cadet is also terminated effective upon arrival at the point of departure for any of the following reasons:
    a. When the Cadet terminates the Cadetship Training Agreement;
    b. When the Cadet cannot carry out his/her duties under the Cadetship Training Agreement for serious medical reasons occurring during the period of engagement, or is incapacitated due to illness, injury or medical condition;
3. When the ship is wrecked, necessitating the termination of training before the expiration of this training Agreement;
4. When the ship is sold, laid up, or the voyage is discontinued necessitating the termination of training before the expiration of this training Agreement;
5. When the ship is declared unseaworthy by a classification society, port state or flag state, which declaration necessitates the termination of training before the expiration of this Agreement;
6. When the training is terminated and the Cadet is repatriated as a result of port state control procedure/actions in compliance with Regulation I/4 of the 1978 STCW Convention, as amended; and
7. Where there is a change of principal or management of the ship necessitating the termination of the Cadet Training before the expiration of this Agreement.

SECTION 19. REPATRIATION

The Cadet shall be repatriated from the most convenient port to the original point of departure at no cost to him in the instances of termination mentioned in Section 18 hereof while the ship is abroad, including the cost of repatriation for returning property left on board by the sick or injured Cadet to the Cadet or his/her next of kin.

In All other instances not listed in Section 18 hereof, the cadet shall bear the costs of his/her repatriation and the repatriation of his/her personal belongings.

SECTION 20. HEALTH PROTECTION, MEDICAL CARE, WELFARE AND PROTECTION

1. In case of illness or injury, the Sponsoring Company shall provide the Cadet with the following health protection and medical care:
    a. Cost of medical care and health protection in respect of injury or illness of the Cadet occurring while the Cadet is training under engagement agreement or arising from their engagement under such agreement.
    b. Cost for medical care, medical treatment, the supply of necessary medicines, therapeutic appliances, and board and lodging while the Cadet is away from home, until he has recovered or until his/her illness or incapacity is declared permanent in character.
    c. Sickness allowance equivalent to his/her monthly stipend while the Cadet remains on board, or until he/she is repatriated to and arrives at his/her point of departure, or until his/her recovery provided that in any of these instances, the payment of such sickness allowance shall not exceed a total period of sixteen (16) weeks from the day of the injury or the commencement of the

illness; provided, further that the payment of the sickness allowance may terminate earlier upon payment of disability benefits.

2. In case of permanent disability or death, the Sponsoring Company shall provide the Cadet with the following benefits:
   a. Financial security to cover compensation for permanent disability or death because of training-related illness, injury or hazard or any illness, injury, or hazard occurring during the term of the agreement which shall be paid to him/her or his/her beneficiaries in Philippine Currency up to an amount not exceeding Fifty Thousand United States Dollars (US$50,000.00).
   b. Cost of repatriation of the human remains and personal belongings if the Cadet dies during the term of the Training Agreement unless the death occurs in a port where local government laws or regulations do not permit the transport of such remains; if death occurs at sea, the disposition of the human remains shall be dealt with in accordance with the Master's best judgement.
   c. Burial expenses in the amount of US$1,000.00 in case of death occurring on board or ashore during the period of engagement.

SECTION 21. LOSS OR DAMAGE OF THE CADET'S DOCUMENT BY MARINE PERIL

1. The Cadet shall be reimbursed by the Sponsoring Company the full amount of loss or damage to his/her personal effects but in no case shall the amount exceed the Philippine currency equivalent of Two Thousand US dollars (US$2,000.00) if his/her personal effects are lost or damaged as a result of a ship wreck, or loss, or stranding, or abandonment of the ship as a result of fire, flooding, collision or piracy.
2. In case of partial loss, the amount shall be determined by mutual agreement of both parties but in no case to exceed the Philippine currency equivalent to the amount of Two Thousand US dollars (US$2,000.00).
3. Reimbursement for loss or damage to the cadet's personal effects shall not apply if such loss or damage is due to (a) the cadet's own fault; (b) larceny or theft or (c) robbery.

In case of the loss of training documents of the Cadet due to marine peril, the company shall issue the appropriate certificate of loss and for the specific module/training he/she completed.

SECTION 22. APPLICABLE LAW AND DISPUTE SETTLEMENT

1. This Agreement shall be construed in accordance with the laws of the Philippines.
2. Any dispute arising from the implementation of this training agreement shall be resolved amicably through conciliation and mediation.
3. Any resolved issue/s regarding the CHED-required shipboard training program shall be elevated for arbitration in accordance with CHED guidelines.
4. In case of failure of any conciliation, mediation or arbitration proceedings regarding any matter arising from this Agreement, the matter shall be brought before the courts of appropriate jurisdiction in the point of departure in the Philippines to the exclusion of all other courts in any other jurisdiction.

SECTION 23. SCHEDULE OF DISABILITY OR IMPEDIMENT FOR INJURIES SUFFERED AND DISEASES INCLUDING TRAINING-RELATED DISEASES OR ILLNESS CONTRACTED

HEAD

Traumatic head injuries that result to

1.	Apperture unfilled with bone not over three (3) inches without brain injury	Gr. 9
2.	Unfilled with bone over three (3) inches without brain injury	Gr. 3
3.	Severe paralysis of both upper or lower extremities or one upper and one lower extremity	Gr. 1
4.	Moderate paralysis of two (2) extremities producing moderate difficulty in movements with self-care activities	Gr. 10
5.	Slight paralysis affecting one extremity producing slight difficulty with self-care activities	Gr. 10
6.	Severe mental disorder or moderate brain functional disturbance which limits the Cadet to the activities of daily living with some directed care or attendance	Gr. 1
7.	Moderate mental disorder or moderate brain functional disturbance which limits the Cadet to the activities of daily living with some directed care or attendance	Gr. 6
8.	Slight mental disorder or disturbance that requires little attendance or aid and which interferes to a slight degree with the training capacity of the Cadet	Gr. 10
9.	Incurable imbecility	Gr. 1

FACE

1.	Severe disfigurement of the face or head as to make the Cadet so repulsive as to greatly handicap him in continuing his training, thereby being a permanent functional disorder	Gr. 2
2.	Moderate facial disfigurement involving partial ablation of the nose with big scars on face or head	Gr. 5
3.	Partial ablation of the nose or partial avulsion of the scalp	Gr. 9
4.	Complete loss of the power of mastication and speech function	Gr. 1
5.	Moderate constriction of the jaw resulting in moderate degree of difficulty in chewing and moderate loss of the power or the expression of speech	Gr. 6
6.	Slight disorder of mastication and speech function due to traumatic injuries to jaw or cheek bone	Gr. 12

EYES

1.	Blindness or total permanent loss of vision of both eyes	Gr. 1
2.	Total blindness of one (1) eye and fifty percent (50%) loss of vision of the other eye	Gr. 5
3.	Loss of one eye or total blindness of one eye	Gr. 7
4.	Fifty percent (50%) loss of vision of one eye	Gr. 10
5.	Lagpthalmos, one eye	Gr. 12
6.	Ectropion, one eye	Gr. 12
7.	Ephiphora, one eye	Gr. 12
8.	Ptosis, one eye	Gr. 12

Note: (Snellen Chart – used to grade for near and distant vision).

NOSE AND MOUTH

1.	Considerable stricture of the nose (both sides) hindering breathing	Gr. 11
2.	Loss of the sense of hearing in one ear	Gr. 11
3.	Injuries to the tongue (partial amputation or adhesion) or palate-causing defective speech	Gr. 10
4.	Loss of the three (3) teeth restored by prosthesis	Gr. 14

ANNEX F5b – Standard Cadet Training Agreement on Ships Engaged in International Voyage

EARS

1.	For the complete loss of the sense of hearing on both ears	Gr. 3
2.	Loss of two (2) external ears	Gr. 8
3.	Complete loss of the sense of hearing in one ear	Gr. 11
4.	Loss of one external ear	Gr. 12
5.	Loss of one half (1/2) of an external ear	Gr. 14

NECK

1.	Such injury to the throat as necessitates the wearing of a tracheal tube	Gr. 6
2.	Loss of speech due to injury to the vocal cord	Gr. 9
3.	Total stiffness of neck due to fracture or dislocation of the cervical pines	Gr. 8
4.	Moderate stiffness or two thirds (2/3) loss of motion of the neck	Gr. 10
5.	Slight stiffness of the neck or one third (1/3) loss of motion	Gr. 12

CHEST-TRUNK-SPINE

1.	Fracture of four (4) or more ribs resulting to severe limitation of chest	Gr. 6
2.	Fracture of four (4) or more ribs with intercostal neuralgia resulting in moderate limitation of chest expansion	Gr. 9
3.	Slight limitation of chest expansion due to simple rib functional without myotosis or intercostal neuralgia	Gr. 12
4.	Fracture of the dorsal or lumber spines resulting severe or total rigidity of the trunk or total loss of lifting power of heavy objects	Gr. 6
5.	Moderate rigidity or two thirds (2/3) loss of motion or lifting power of the trunk	Gr. 8
6.	Slight rigidity or one third (1/3) loss of motion or lifting power of the trunk	Gr. 11
7.	Injury to the spinal cord as to make walking impossible without the aid of a pair of crutches	Gr. 4
8.	Injury to the spinal cord as to make walking impossible even with the aid of a pair of crutches	Gr. 1
9.	Injury to the spinal cord resulting to incontinence of urine and feces	Gr. 1

ABDOMEN

1.	Fracture of four (4) or more ribs resulting to severe limitation of chest	Gr. 6
2.	Fracture of four (4) or more ribs with intercostal neuralgia resulting in moderate limitation of chest expansion	Gr. 9
3.	Slight limitation of chest expansion due to simple rib functional without myotosis or intercostal neuralgia	Gr. 12
4.	Fracture of the dorsal or lumber spines resulting severe or total rigidity of the trunk or total loss of lifting power of heavy objects	Gr. 6
5.	Moderate rigidity or two thirds (2/3) loss of motion or lifting power of the trunk	Gr. 8
6.	Slight rigidity or one third (1/3) loss of motion or lifting power of the trunk	Gr. 11
7.	Injury to the spinal cord as to make walking impossible without the aid of a pair of crutches	Gr. 4
8.	Injury to the spinal cord as to make walking impossible even with the aid of a pair of crutches	Gr. 1
9.	Injury to the spinal cord resulting to incontinence of urine and feces	Gr. 1

PELVIS

1.	Fracture to the pelvic rings as to totally incapacitate Cadet to do training	Gr. 1
2.	Fracture of the pelvic ring resulting to deformity and lameness	Gr. 6

URINARY AND GENERATIVE ORGRANS

1.	Total loss of penis	Gr. 7
2.	Total loss of both testicles	Gr. 7
3.	Total loss of one testicle	Gr. 11

4.	Scars on the penis or destruction of the parts of the cavernous body or urtethra interfering with erection or markedly affecting coitus	Gr. 9
5.	Loss of one breast	Gr. 11
6.	Prolapse of the uterus	Gr. 13
7.	Great difficulty in urinating	Gr. 13
8.	Incontinence of urine	Gr. 10

THUMBS AND FINGERS

1.	Total loss of one thumb including metacarpal bone	Gr. 9
2.	Total loss of one thumb	Gr. 10
3.	Total loss of one index finger including metacarpal bone	Gr. 10
4.	Total loss of one index finger	Gr. 11
5.	Total loss of one middle finger including metacarpal bone	Gr. 11
6.	Total loss of one middle finger	Gr. 12
7.	Total loss of one ring finger including metacarpal bone	Gr. 12
8.	Total loss of one ring finger	Gr. 13
9.	Total loss of one small finger including metacarpal bone	Gr. 13
10.	Total loss of one small finger	Gr. 14
11.	Loss of two or more fingers. Compensation for the loss of use of two (2) or more fingers or one (1) or more phalanges of two or more digits of a hand must be proportioned to the loss of the hand occasioned thereby but shall not exceed the compensation of the loss of a hand:	
	a. Loss of five (5) fingers of one hand	Gr. 6
	b. Loss of thumb, index fingers and any of 2 or more fingers of the same hand	Gr. 6
	c. Loss of thumb, index finger and any one of the remaining fingers of the same hand	Gr. 7
	d. Loss of thumb and index finger	Gr. 8
	e. Loss of three (3) fingers of one hand not including thumb and index finger	Gr. 9
	f. Loss of the index finger and any one of the other fingers of the same hand excluding thumb	Gr. 9
	g. Loss of two (2) digits of one hand not including thumb and index finger	Gr. 10
	h. Loss of ten (10) fingers of both hands	Gr. 3

HANDS

1.	Total loss of use of both hands or amputation of both hands at wrist joints or above	Gr. 1
2.	Amputation of a hand at carpo-metacarpal joints	Gr. 5
3.	Amputation between wrist and elbow joints	Gr. 5
4.	Loss of grasping power for small objects between the fold of the finger of one hand	Gr. 10
5.	Loss of grasping power for large objects between fingers and palm of one hand	Gr. 10
6.	Loss of opposition between the thumb and tips of the fingers of one hand	Gr. 9
7.	Ankyclosed wrist in normal position	Gr. 10
8.	Ankyclose wrist in position one third (1/3) flexed or half extended and/ or severe limited action of a wrist	Gr. 11

SHOULDER AND ARM

1.	Inability to turn forearm (forearm in normal position-supination)	Gr. 11
2.	Inability to turn forearm (forearm in abnormal position-pronation)	Gr. 10
3.	Disturbance of the normal carrying angle or weakness of an arm or a forearm due to deformity of moderate atrophy of muscles	Gr. 11
4.	Stiff elbow at full flexion or extension (one side)	Gr. 7
5.	Stiff elbow at right angle flexion	Gr. 8
6.	Flail elbow joint	Gr. 9
7.	Pseudoarthrosis of the humerus with musculospiral or radial paralysis	Gr. 6
8.	Ankylosis of one (1) shoulder, the shoulder blade remaining mobile	Gr. 9
9.	Ankylosis of one shoulder, the shoulder bade remaining rigid	Gr. 8
10.	Unreduced dislocation of one (1) shoulder	Gr. 8
11.	Ruptured biceps or pseudoarthrosis of the humerus, close (one side)	Gr. 11
12.	Inability to raise arm more than halfway from horizontal to perpendicular	Gr. 11

13.	Ankylosis of the shoulder joint not permitting arm to be raise above a level with a shoulder and/or irreducible fracture of faulty union collar bone	Gr. 10
14.	Total paralysis of both upper extremities	Gr. 1
15.	Total paralysis of one upper extremity	Gr. 3
16.	Amputation of one (1) upper extremity at or above the elbow	Gr. 4
17.	Scar the size of the palm in one extremity	Gr. 14

LOWER EXTREMITIES

1.	Loss of a big toe	Gr. 12
2.	Loss of a toe other than the big one	Gr. 14
3.	Loss of ten (10) digits of both feet	Gr. 5
4.	Loss of a great toe of one foot + one toe	Gr. 10
5.	Loss of two toes not including great toe or next to it	Gr. 12
6.	Loss of three (3) toes excluding great toe of a foot	Gr. 10
7.	Loss of four (4) excluding great toe of a foot	Gr. 9
8.	Loss of great toe and two (2) other toes of the same foot	Gr. 9
9.	Loss of five digits of a foot	Gr. 8
10.	Loss of both feet at ankle joint or above	Gr. 1
11.	Loss of one foot at ankle joint or above	Gr.6
12.	Depression of the arch of a foot resulting in weak foot	Gr. 12
13.	Loss of one half (1/) metatarsus of one (1) foot	Gr. 8
14.	Loss of whole metatarsus ore forepart of foot	Gr. 7
15.	Tearing of Achilles tendon resulting in the impairment of active flexion and extension of a foot	Gr. 12
16.	Malleolar fracture with displacement of the foot inward or outward	Gr. 10
17.	Complete immobility of an ankle joint in abnormal position	Gr. 10
18.	Complete immobility of an ankle joint in normal posisition	Gr. 11
19.	Total loss of a leg or amputation at or above the knee	Gr. 3
20.	Stretching leg of the ligaments of a knee resulting in instability of the joint	Gr. 10
21.	Ankylosis of a knee in genuvalgum of varum	Gr. 10
22.	Pseudoarthrosis of a knee cap	Gr. 10
23.	Complete immobility of a knee joint in full extension	Gr. 10
24.	Complete immobility of a knee joint in strong flexion	Gr. 7
25.	Complete immobility of a hip joint in flexion of the thigh	Gr. 5
26.	Complete immobility of a hip joint in full extension of the thigh	Gr. 9
27.	Slight atrophy of calf of leg muscles without apparent shortening or joint lesion or disturbance of weight-bearing line	Gr. 13
28.	Shortening of a lower extremity from one to three centimeters with either joint lesion or disturbance of weight-bearing joints	Gr. 13
29.	Shortening of 3 to 6 cm with slight atrophy of calf of thigh muscles	Gr. 12
30.	Shortening of 3 to 6 cm with either joint lesion or disturbance of weight-bearing joints	Gr. 11
31.	Irregular union of fracture with joint stiffness and with shortening of 6 to 9 cm producing permanent lameness	Gr. 9
32.	Irregular union of fracture in a thigh or leg with shortening of 6 to 9 cms	Gr. 10
33.	Failure of fracture of both hips to unite	Gr. 1
34.	Failure of fracture of a hip to unite	Gr. 3
35.	Paralysis of both lower extremities	Gr. 1
36.	Paralysis of one lower extremity	Gr. 3
37.	Scar the size of a palm or larger left on an extremity	Gr. 14

NOTE: Any item in the schedule classified under Grade 1 shall be considered or shall constitute total and permanent disability

ANNEX F5b – Standard Cadet Training Agreement
on Ships Engaged in International Voyage

SCHEDULE OF DISABILITY ALLOWANCES

IMPEDIMENT GRADE		IMPEDIMENT	
1	US$ 50,000	X	120.00%
2	"	X	88.81%
3	"	X	78.36%
4	"	X	68.66%
5	"	X	58.96%
6	"	X	50.00%
7	"	X	41.80%
8	"	X	33.59%
9	"	X	26.12%
10	"	X	20.15%
11	"	X	14.93%
12	"	X	10.45% Gr.
13	"	X	6.72%
14	"	X	3.74%

To be paid in Philippine Currency equivalent at the exchange rate prevailing during the time of payment.

SECTION 23-A TRAINING RELATED DISEASES

For a training-related disease and the resulting disability or death to be compensable, all of the following conditions must be satisfied:

1. The Cadet's training must involve the risks described herein;
2. The disease was contracted as a result of the Cadet's exposure to the described risks;
3. The disease was contracted within a period of exposure and under such other factors necessary to contract it; and
4. There was no notorious negligence on the part of the Cadet.

The following diseases are considered as training-related when contracted under training conditions involving the risks described herein:

TRAINING-RELATED DISEASE	NATURE OF TRAINING
1. Cancer of the epithelial of the bladder (Papilloma of the bladder)	Training involving exposure to alphanaphthyylamine, beta-nphathylamin, or benzidine of any part of the salts; and auramine or magenta
2. Cancer, epithellomatous or ulceration of the skin or of the corneal surface of the eye due to tar, pitch, bitumen, mineral oil or paraffin, or compound product or residue of these substances	The use of handling of, exposure to tar, pitch, bitumen, mineral oil (including paraffin) soot or any compound product or residue of any of these substances
3. Deafness – severe propound hearing loss in a condition where Cadet is exposed to	Any industrial operation having excessive noise particularly in the higher frequencies

prolonged, significant noise and vibration in training	
4. Decompression sickness a. Caissons disease b. Aeroembolism	Any process carried on in compressed or rarefied air. Any process carried on in rarefied air
5. Dematitis due to irritants and sensitizers	The use or handling of chemical agents which are skin irritants and sensitizers
6. Infections Pneumonia Bronchitis Sinusitis Pulmonary TB Anthrax Cellulitis Conjunctivitis (Bacterial and Viral) Norwalk Virus Salmonella Leptospirosis Malaria Otitis Media Tetanus Viral Encephalitis Including other infections resulting in complications necessitating repatriation.	Training in connection with animals infected with anthrax, handling of animal carcasses or parts of such carcasses, including hides, hoofs, and horns Hepatitis A*, Norwalk, Salmonella
7. Ionizing radiation disease, inflammation, ulceration or malignant disease of the skin or subcutaneous tissues of the bones or leukemia, or anemia of the aplastic type due to x-rays, ionizing particle, radium or other radioactive substances 8. a. Acute radiation syndrome b. Chronic radiation syndrome c. Glass Blower's cataract	Exposure to x-rays, ionizing particles of radium or other radioactive substance or other forms of radiant energy Short duration of exposure to large doses of x-rays, gamma rays, alpha rays and beta rays Chronic over-exposure to x-rays with a long latent period affecting the skin, blood and reproductive organ Among furnace men, glass blowers, baker, blacksmith, foundry workers. These are workers exposed to infrared rays.

8. Poisoning and its sequelae caused by:	
a. Ammonia	All training involving exposure to the risk concerned
b. Arsenic or its toxic compound	All training involving exposure to the risk concerned
c. Benzene or its toxic homologues; nitro and aminotoxic derivatives	All training involving exposure to the risk concerned
d. Beryllium or its toxic compounds	All training involving exposure to the risk concerned
e. Brass, zinc or nickel	All training involving exposure to the risk concerned
f. Carbon dioxide	All training involving exposure to the risk concerned
g. Carbon bisulfide	All training involving exposure to the risk concerned
h. Carbon monoxide	All training involving exposure to the risk concerned
i. Chlorine	All training involving exposure to the risk concerned
j. Chrome or its toxic compounds	All training involving exposure to the risk concerned
k. Dinitrophenol or its homologue	All training involving exposure to the risk concerned
l. Halogen derivatives of hydrocarbon of the aliphatic series	All training involving exposure to the risk concerned
m. Lead or its toxic compounds	All training involving exposure to the risk concerned
n. Manganese or its toxic compounds	All training involving exposure to the risk concerned
o. Mercury or its toxic compounds	All training involving exposure to the risk concerned
p. Nitrous fumes	All training involving exposure to the risk concerned
q. Phosgene	All training involving exposure to the risk concerned
r. Phosphorus or its toxic compounds	All training involving exposure to the risk concerned
s. Sulfur dioxide	All training involving exposure to the risk concerned
9. Vascular disturbance in the upper extremities due to continuous vibration from pneumatic tools or power drills, riveting machines or hammers	Any training causing repeated motions, vibrations and pressure of upper extremities
10. Vascular disturbance in the lower extremities – varicocoele causing pain, varicose veins resulting in discoloration and ulceration	This is due to heavy straining upon the lifting of heavy loads and prolonged standing Any training requiring prolonged standing and lifting of heavy loads
11. Cardio-vascular events – to include heart attack, chest pain (angina), heart failure or sudden death. Any of the following conditions must be met: a. If the heart disease was known to have been present during training, there must be proof that an acute exacerbation was clearly precipitated by an unusual strain by reasons of the nature of his training	a. If a person who was apparently asymptomatic before training showed signs and symptoms of cardiac injury during the performance of his/her training and such symptoms and signs persisted, it is reasonable to claim a causal relationship

b. The strain of training that brings about an acute attack must be sufficient severity and must be followed within 24 hours by the clinical signs of a cardiac insult to constitute causal relationship c. If a person who was apparently asymptomatic before being subjected to strain at training showed signs and symptoms of cardiac injury during the performance of his/her training and such symptoms and signs persisted, it is reasonable to claim a causal relationship d. If a person is a known hypertensive or diabetic, he should show compliance with prescribed maintenance medications and doctor-recommended lifestyle changes: The sponsoring company shall provide a training place conductive for such compliance e. In a patient not known to have hypertension or diabetes, as indicated on his last PEME	b. If a person is a known hypertensive or diabetic, he should show compliance with prescribed maintenance medications and doctor-recommended lifestyle changes. The sponsoring company shall provide a training place conductive for such compliance. c. In a patient not known to have hypertension or diabetes as indicated on his last PEME
12. Cerebro-vascular events All of the following conditions must be met: a. If the heart disease was known to have been present during training, there must be proof that an acute exacerbation was clearly precipitated by an unusual strain by reasons of the nature of his training b. The strain of training that brings about an acute attack must be sufficient severity and must be followed within 24 hours by the clinical signs of a cardiac insult to constitute causal relationship c. If a person who was apparently asymptomatic before being subjected to strain at training showed signs and symptoms of cardiac injury during the performance of his/her training and such symptoms and signs persisted, it is reasonable to claim a causal relationship d. If a person is a known hypertensive or diabetic, he should show compliance with prescribed maintenance medications and doctor-recommended lifestyle changes. The sponsoring company shall provide a training place conductive for such compliance	a. If a person who was apparently asymptomatic before training showed signs and symptoms of cardiac injury during the performance of his/her training and such symptoms and signs persisted, it is reasonable to claim a causal relationship b. If a person is a known hypertensive or diabetic, he should show compliance with prescribed maintenance medications and doctor-recommended lifestyle changes. The sponsoring company shall provide a training place conductive for such compliance. c. In a patient not known to have hypertension or diabetes as indicated on his last PEME

e. In a patient not known to have hypertension or diabetes, as indicated on his last PEME	
13. END ORGAN DAMAGE RESULTING FROM UNCONTROLLED HYPERTENSION Impairment of function of the organs such as kidneys, heart, eyes and brain under the following conditions considered compensable: a. If a person is a known hypertensive or diabetic he should show compliance with prescribed maintenance medications and doctor-recommended lifestyle changes. The sponsoring company shall provide a training place conducive for such compliance. b. In a patient not known to have hypertension has the following on his last PEME: normal BP, normal CXR and ECG/treadmill	a. If a person who was apparently asymptomatic before training showed signs and symptoms of cardiac injury during the performance of his/her training and such symptoms and signs persisted, it is reasonable to claim a causal relationship b. If a person is a known hypertensive or diabetic, he should show compliance with prescribed maintenance medications and doctor-recommended lifestyle changes. The sponsoring company shall provide a training place conducive for such compliance
14. Cataract and pterygium	Caused by prolonged exposure to UV light or welding, wind abrasion and sea breeze
15. Poisoning by cadmium	Among workers in battery factories, who are exposed to cadmium fumes
16. Acute myeloid leukemia	Secondary to prolonged benzene exposure
17. Chronic lymphocytic leukemia	Secondary to prolonged benzene exposure
18. Vitrealhemorrhage and retinal detachment	Caused by the strain upon lifting of heavy loads
19. Hernia. All of the following conditions must be met: a. The hernia should be of recent origin: b. Its appearance was accompanied by pain, discoloration and evidence of a tearing of the tissues; The disease was immediately preceded by undue or severe strain arising out of and in the course of *training;* a protrusion of mass should appear in the area immediately following the alleged strain.	
20. Bronchial Asthma – all of the following conditions must be met: a. There is no evidence or history of asthma before *training* b. The allergen is present in the training conditions c. Sensitivity test to allergens in the training environment should yield positive results d. A provocative test should show positive results	
21. Osteoarthritis. Any training involving: a. Joint strain from carrying heavy loads, or unduly heavy physical labor; b. Minor or major injuries to the joint; c. Excessive use or constant strenuous usage of a particular joint; d. Extreme temperature changes (humidity, heat and cold exposures) and; e. Faulty posture or use of vibratory tools	
23. Viral hepatitis In addition to conditions already listed under Philippine Decree No. 626, as amended, any training involving exposure to a source of infection through ingestion of water, milk or other foods contaminated with hepatitis virus; provided that the physician determining the causal relationship between the training and the illness should be able to indicate whether the disease of the afflicted Cadet manifested itself while he was under training, knowing the incubation period thereof.	
24. Asbestosis. All of the following conditions must be met:	

ANNEX F5b – Standard Cadet Training Agreement on Ships Engaged in International Voyage

a. The Cadet must have been exposed to Asbestos dust in the training place, as duly certified to by the sponsoring company, or by a medical institutions, or competent medical practitioner acceptable to or accredited by the System;

b. The chest X-ray report of the Cadet must show findings of asbestos or asbestos-related disease, e.g. pleural plaques, pleural thickening, effusion, neoplasm and interstitial fibrosis; and

c. In case ailment is discovered after the completion/termination of the Cadet's training, the claim must be filed with the System within three (3) years from discovery.

NOTE: Death or disability which is directly caused by sexually transmitted disease or arose from complications thereof shall not be compensable nor shall be entitled to the benefits provided in this Training Agreement.

This agreement is pursuant to POEA Governing Board Resolution No. _____ and POEA Memorandum Circular No. _____, series of 2013.
